

# Meet your Maths Team

Suha Yassin

Hello, I'm **Suha** - Senior Qualifications Manager for GCSE Maths. I have worked in maths education for over 10 years and have seen through the last two major reforms to GCSE Maths qualifications. I'm passionate about maths and supporting teachers with delivering our qualifications. My focus for GCSE Maths is to ensure we continually deliver fair and reliable maths assessments and unmatched support for teachers to help their students make as much progress as possible.

Maria Hoather

Hello, I'm **Maria** - the National Manager for mathematics. I manage a team of seconded teachers, I organise the regional collaborative networks and liaise on stakeholder events. I have worked for Pearson for 14 years, but prior to joining Pearson I taught in secondary schools for 14 years in the North West.

Helen Marsden

Hello, I'm **Helen** - Senior Qualifications Manager in the Maths team. I look after GCSE Statistics, Entry Level Certificate in Mathematics and our Core Maths qualification, Maths in Context. In addition, a central part of my responsibility is to support post-16 teachers delivering GCSE resits. I have worked in maths education throughout my career including 9 years teaching maths post-16 at a range of levels from Entry Level to Level 2.

Mark Howlett

Saira Ahmed

Lesley Roberts

Hi I'm **Mark** - Head of Maths for our general qualifications portfolio. I've worked in Pearson for over 14 years, passionately working on the design, development and delivery of a range of qualifications. I'm responsible for ensuring that we continue to provide the very best support for teachers and learners across our Maths portfolio. Central to the work of all the team is ensuring that we continually provide you with innovative, engaging and useful resources that enhance the way our qualifications are delivered.

Hello, I'm **Saira** - Product Developer for GCSE Maths. I previously worked as a mathematics teacher for four years teaching both GCSE and A level Maths in the UK and overseas. I've worked on the development of key maths qualifications including A level Maths and Further Maths and International A level Maths. My focus is to help provide targeted, engaging and effective teaching and learning support for teachers to ensure they are well equipped in delivering our qualifications.

Hello, I'm **Lesley** - Marketing Manager, and I lead on the marketing for Pearson's maths qualifications. I have over 25 years experience working in educational publishing, including 12 with Pearson. It's my job to make sure you're up to date with the latest developments with our qualifications and to provide you with information on all the fantastic support we have to help you deliver our courses successfully.
