

# GCSE (9–1) Mathematics Post-16 resit

## Summer 2019

## Post-results support

### Video from our Chair of Examiners

**NEW for 2019**

Talking you through the key headlines from the summer 2019 results.

### Grade boundaries

Download the qualification and paper grade boundaries.

### Chief Examiner Report

**NEW style for 2019**

A brief report presenting the grade boundaries, the outcomes, and sharing insights on overall performance.

### Principal Examiner Reports

A question-by-question commentary for each paper on learner performance and common misconceptions.

## Post-results services

**ResultsPlus** – our free online results analysis tool that gives you a detailed breakdown of your learners' performance and that of incoming Pearson Edexcel GCSE (9–1) Maths learners.

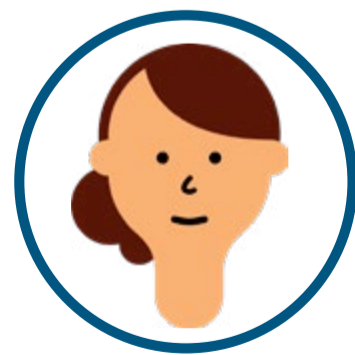

**Access to Scripts** – free access\* to your learners exam papers. \*Written permission must be gained from candidates before scripts can be accessed.

**Review of Marking** – if you would like the marking to be reviewed, you can ask us to perform additional checks.

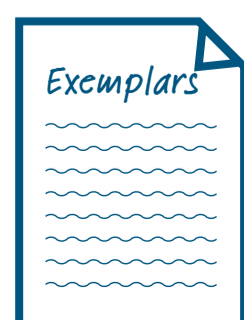

## Access to all the data you need through the **Maths Emporium**

*national performance data | grade boundaries | learner performance data | summary statistics | mark distributions*

## Even more support just for you...

**Free online clinics hosted by one of our subject specialists.**

### Exemplars

Learner responses with examiner commentary.

**Attend one of our FE networks** for a summary of feedback on the summer 2019 exams.

**Book your place at an event near you.**
