

Pearson Edexcel International Advanced Level

Science Qualifications (2018)

A round-up of your support

The modular route to success

First assessment for the updated Pearson Edexcel International Advanced Level Science units took place in January 2019. The Pearson Edexcel International A Level is comparable to the UK A level qualification, ensuring recognition as a world-class qualification so students can progress wherever they want to.

We've put together this handy infographic about the support available to you. Simply click on the links provided in the information below to quickly access our unique tools.

IALs

Comparable to the GCE A Level as externally benchmarked by NARIC[^].

Don't forget to bookmark this infographic for instant future access to your support.

Why choose Pearson Edexcel IAL Science qualifications?

- **One-year IAS level course contributes** towards the full two-year IAL grade.
- **Modular structure** with multiple examination opportunities, including re-sits, for most subjects.
- **Designed specifically** for international students with updated and internationally relevant content.
- **Comparable to UK A levels**, as confirmed by NARIC[^], and recognised by leading universities worldwide.
- **Accessible examination papers**, with logical progression of difficulty throughout and consistency in template and design.
