Key features

Flexible

January, June and October assessment opportunities for most subjects.

University recognition

Recognised by universities worldwide.

International

Designed for international students.

Rigorous

Are fully comparable to UK reformed GCE A levels as certified by UK NARIC.

Modular

Provides the opportunity for unit resit to improve exam performance and final grade.

ResultsPlus

ResultsPlus provides exam performance insight that can be used to help improve future exam results.

World-class

Designed to Pearson's world-class qualification principles and benchmarked against other leading international curriculums.

Outstanding support

Including lesson plans, schemes of work, past papers, mark schemes, examiner reports, Ask the Expert, Subject Advisor experts, tailored teacher training and more.

Edexcel IALs subjects being redeveloped for **first teaching in September 2018** are:

- Mathematics
- Further Mathematics
- Pure Mathematics
- Biology
- Chemistry
- Physics
- Business
- Economics
- IT (NEW for 2018)

They are designed to:

Support students to make the best progress they can

With brand new print and digital resources, so you can be confident that you are covering all aspects of the specification.

Develop transferable skills valued by universities and employers

Signposted in specifications and learning materials to support student development of them.
