International Advanced Level
Paper 4: Researching Geography
Advance Information: Research Focus

January 2018

Paper Reference

WGE04/01

You do not need any other materials.

Instructions

- Select **one option**, based on the research you have carried out for Unit 4.
- You should use information contained in the research focus to prepare for the Unit 4 examination.
- The **research focus** will give you an idea of the material which you need to study in order to answer the question in the examination for Unit 4.
- To help you, the focus is divided into:
 - **concepts**, meaning the appropriate background ideas, processes, theories and models
 - **places**, meaning a range of relevant geographical environments and appropriate case studies.
- You will be expected to produce a **report**, with clear sub-sections and referencing. Please consult the accompanying generic mark scheme, which can be found on the Pearson website (www.pearson.com).

Pearson

OPTION 1: Tectonic Activity and Hazards

- Research the varied impacts of tectonic disasters in a range of contrasting locations.
- Research contrasting examples to investigate the relationship between physical processes, people and disasters.

OPTION 2: Feeding the World's People

- Research the global distribution of hunger and under-nutrition.
- Research a range of places to illustrate the economic, political and environmental causes of hunger and under-nutrition.

OPTION 3: Cultural Diversity: People and Landscapes

- Research the varied impacts of tourism on cultures and cultural diversity.
- Research a range of cultures that have been affected economically, socially and environmentally by tourism.

OPTION 4: Human Health and Disease

- Research the factors contributing to increasing risks from the spread of non-communicable and communicable diseases.
- Research a range of locations worldwide, with different types of health risks and management.
