PAPER 4: Researching Geography

Advance Information: Research Focus

You do not need any other materials.

Instructions

- Select **one option**, based on the research you have carried out for Unit 4.
- You should use information contained in the research focus to prepare for the Unit 4 examination.
- The **research focus** will give you an idea of the material which you need to study in order to answer the question in the examination for Unit 4.
- To help you, the focus is divided into:
 - **concepts**, meaning the appropriate background ideas, processes, theories and models
 - **places**, meaning a range of relevant geographical environments and appropriate case studies.
- You will be expected to produce a **report**, with clear sections and referencing. Please consult the accompanying generic mark scheme, which can be found on the Pearson website (www.pearson.com).

Pearson

OPTION 1: Tectonic Activity and Hazards

- Research a range of tectonic hazards, of contrasting magnitude, to examine the physical processes that cause them.
 - Research the varied reasons why some locations are more at risk from tectonic hazards than others.
-

OPTION 2: Feeding the World's People

- Research the varied reasons for a range of issues across the malnutrition spectrum.
 - Research a range of contrasting examples of malnutrition in places at different levels of development.
-

OPTION 3: Cultural Diversity: People and Landscapes

- Research the reasons why cultural diversity varies from place to place.
 - Research a range of locations to examine the impact of physical isolation on cultural diversity.
-

OPTION 4: Human Health and Disease

- Research the pattern of health risks across a range of countries at different stages of development.
 - Research a range of locations to examine the reasons why health risks are changing.
-
