

# Erratum Notice

**April 2015**

---

## **Edexcel International Advanced Level qualifications in:**

- Mathematics (XMA01) (YMA01)
- Further Mathematics (XFM01) (YFM01)
- Pure Mathematics (XPM01) (YPM01)

## **Updates to our specification**

We have made some updates to the three Edexcel International Advanced Level qualifications listed above, to ensure that all information in the specification is consistent, accurate and clear. A sidebar in the margin of affected pages has been added to the specification, to show where key changes have occurred.

We have also clarified in Section D of the specification that there is no required prior learning for these qualifications.

For further information, please see the updated specification, which is available to download from our website.
