Activity 1: answers

As mentioned in the main presentation, there is some leeway in the assigning of AOs to questions.

In this case the assignments were

Q6 AO1(3), AO2 (2), AO4(2)

There is always some flexibility in assigning AOs.
For (a) AO1 2 marks followed by AO2 two marks.
For (b) AO1 1 mark followed by AO4 two marks.

Q7 AO1(3), AO2(3), AO5(4)

There is always some flexibility in assigning AOs.
For (a) AO1 2 marks followed by AO5 1 mark
For (b) AO1 1 mark followed AO1 1 mark and AO5 1 mark
For (c) AO2 2 marks and AO5 2 marks.

There is justification for assigning some AO4 to part (c)
