

Pearson Edexcel International Advanced Level

January 2019

Time: 8 – 10 minutes, with 15 minutes' preparation time

Paper Reference **WFR01/01**

French

International Advanced Subsidiary

Unit 1: Spoken Expression and Response

Instructions to the candidate

You do not need any other materials.

General instructions

- The examination is made up of two sections.
- You must not use dictionaries or other resources at any time.

Section A (Spoken Response)

- Read the short paragraphs in this stimulus.
- You have 15 minutes' preparation time for this section, during which you can make notes (maximum of one side of A4 paper) that you can refer to during your discussion.
- You must not make notes on this stimulus.
- You will have approximately four minutes on this task.

Section B (Discussion)

- Your teacher/examiner will then open up the discussion into the wider general topic area.
- Listen carefully to your teacher/examiner and participate in the discussion.
- You do not need to refer to the material provided in this stimulus for this section.
- You will have approximately four minutes on this task.

Accros aux portables ?

Êtes-vous accro à votre portable ? Philippe, étudiant, nous explique comment il a su qu'il était devenu accro à son téléphone. « J'avais des crises de panique sans mon portable. J'avais peur de le perdre, d'être déconnecté de mes proches. Je ne m'en séparais ni dans le train, ni au restaurant. »

Voici l'opinion de Marc, médecin. « C'est un problème. La solution ? Je dis aux accros qu'il faut qu'ils essaient de n'utiliser leur téléphone que 10 minutes par heure. Je leur conseille de ne pas répondre immédiatement aux messages. »

Les enfants, ont-ils besoin de super-héros ?

D'après Marie, les enfants ont besoin de bons modèles jusqu'à l'adolescence. Spider Man, Harry Potter et les champions du sport leur servent d'exemples. Ses trois enfants lui disent : « Leurs « super-pouvoirs » nous fascinent, ils nous font rêver. » Marie ajoute : « Les héros aident mes enfants à grandir. »

Anne, chercheuse scientifique, explique : « En ce qui concerne les enfants, nos recherches montrent que les sportifs de haut niveau ont une grande influence sur leur comportement. Les sportifs, selon nous, véhiculent des valeurs positives, par exemple le respect des autres. »

Travailler en ville et vivre à la campagne

Beaucoup de ceux qui travaillent dans nos grandes villes, comme moi, préfèrent habiter à la campagne. Urbain le jour, rural la nuit : notre mode de vie fait aujourd'hui 100 000 nouveaux convertis par an et leur nombre va certainement augmenter.

Céline travaille à Paris. L'année dernière, elle a quitté son appartement en centre-ville pour un petit village. Elle adore y habiter mais elle nous rappelle qu'il faut faire attention. « J'ai sous-estimé mes temps de transport. Je pensais ne pas mettre plus de deux heures aller-retour mais j'en mets jusqu'à quatre. »

Pas assez d'exercice pour les Français

L'activité physique est essentielle pour la santé. Cependant, trois Français sur quatre ne font pas assez d'exercice pour en tirer les bienfaits : la réduction des risques de souffrir de diabète et de maladies cardiaques ainsi que la prévention de l'obésité.

Il est recommandé de marcher 10 000 pas par jour, soit 7,5 kilomètres, mais les Français font en moyenne seulement 8 000 pas. « C'est inférieur à ce que faisaient nos parents et nos grands-parents. Il faut changer nos attitudes envers l'activité physique », dit le directeur de l'Institut de recherche biomédicale.

Le réchauffement climatique au Gabon

« Le Gabon est vulnérable aux effets et aux impacts du réchauffement climatique. Le réchauffement du climat accélère la montée du niveau de nos océans et provoque donc l'érosion des côtes de notre pays. En plus, la hausse des températures ici entraîne des sécheresses.

Ces sécheresses détruisent les arbres dans les forêts tropicales dont notre pays est couvert. Le bois est notre principale source d'énergie ici et un des principaux matériaux utilisés dans l'habitat. Les conséquences du réchauffement climatique nous inquiètent beaucoup. »

Des chantiers-écoles à Madagascar

Ici à Madagascar, une nouvelle initiative du gouvernement modernise l'enseignement professionnel sur notre île. Son initiative réduit le taux de chômage et de pauvreté parmi nos jeunes. En établissant des chantiers-écoles, nos élèves reçoivent une formation pratique dans le domaine de la construction.

À Antananarivo, la capitale, un groupe de jeunes est chargé de rénover un vieil immeuble. Ils se concentrent sur la meilleure manière d'installer une porte. « Avec ces chantiers, nos apprentis sont confrontés aux conditions réelles du travail, ce qui est un excellent exercice », explique Roger Durand, enseignant.

La discipline positive

De nos jours en France, les éducateurs donnent beaucoup d'importance à la discipline positive. C'est une approche éducative dont les objectifs sont de montrer à nos élèves l'importance de la coopération et de les encourager à faire de leur mieux. Cette méthode vise à transmettre à nos jeunes le respect de soi et des autres.

On ne peut pas nier l'importance de la discipline à l'école. Dans une classe agitée, les élèves ne font pas de progrès. Pourtant, les punitions sévères du passé sont démodées. La discipline positive est celle du futur.
