Comment résister à la pression des pairs ?

Comment est-ce que je peux résister à la pression des pairs, à la tentation de faire quelque chose de mal ? Ce qui me préoccupe, c'est que cette pression existe partout, et qu'elle me pousse à faire comme les autres. Lorsque je cède, je suis plein de regrets et j'ai mauvaise conscience.

Pourquoi suis-je si facilement influencé par les autres ? Parce que j'ai peur de ce que les autres pensent de moi. Voilà pourquoi il m'est difficile de résister à la pression des pairs.

Comment éviter les intoxications alimentaires ?

Chaque année, des milliers de personnes ici en Belgique deviennent malades après avoir mangé un plat infecté par des bactéries. Nous pourrions éviter cette intoxication alimentaire si nous respectons les règles d'hygiène de base. Le respect de ces règles, selon nos scientifiques, est la meilleure façon d'arrêter la propagation de germes qui sont responsables d'un grand nombre de maladies.

L'hygiène alimentaire peut s'intégrer aux activités quotidiennes. Pourquoi ne pas profiter de l'occasion quand vous cuisinez pour enseigner aux enfants l'importance de se laver les mains avant de préparer la nourriture ?

La nourriture au Togo

Les Togolais sont bien connus pour leur amour de la nourriture. S'il y a une chose qu'on apprécie plus que tout, c'est un bon plat fait maison. Notre sauce Adème est l'une des sauces de base de notre cuisine togolaise. Facile à préparer et accessible à tous les budgets, nous la préparons avec différents poissons ou viandes.

Le matin, on s'offre un plat de riz aux haricots : une composition délicieuse, parfaite pour commencer la journée. C'est un plat que vous devez absolument déguster si vous visitez le pays !

Les impacts du changement climatique au Québec

Le Québec est touché par le changement climatique causé par les activités humaines. Ce changement a déjà impacté différents éléments dans notre région : certains de nos animaux sont en déclin et la composition des forêts, ici au Québec, est en train de se modifier. On constate également chaque année moins de jours de gel et de nuits froides.

Plusieurs activités économiques subissent les effets directs du changement climatique, avec des conséquences négatives. Le ski et d'autres activités touristiques d'hiver de notre région pourraient voir leur saison écourtée de plusieurs jours.

Quels métiers rendent les Québécois le plus heureux ?

Ici au Québec, nos dentistes et nos coiffeurs sont les plus heureux au travail. Pourtant, les chauffeurs et les électriciens de notre province se classent parmi les professionnels les moins heureux. C'est ce que révèle un sondage récent. Ce qui apporte du bonheur, selon nos travailleurs, bien avant le salaire et la responsabilité, c'est la qualité des relations au travail.

Si vous êtes parent d'un jeune qui se pose des questions sur son avenir professionnel, vous pouvez l'aider à choisir un métier offrant de belles perspectives.

Quels métiers rendent les Québécois le plus heureux ?

Ici au Québec, nos dentistes et nos coiffeurs sont les plus heureux au travail. Pourtant, les chauffeurs et les électriciens de notre province se classent parmi les professionnels les moins heureux. C'est ce que révèle un sondage récent. Ce qui apporte du bonheur, selon nos travailleurs, bien avant le salaire et la responsabilité, c'est la qualité des relations au travail.

Si vous êtes parent d'un jeune qui se pose des questions sur son avenir professionnel, vous pouvez l'aider à choisir un métier offrant de belles perspectives.
