### CARD 1A

#### Candidate version

#### **Marcas españolas de moda sostenible**

Ya sabemos que para los jóvenes lo principal es vestir a la última moda. Sin embargo, en el siglo XXI, es importante también comprar con una serie de principios, teniendo en cuenta otros factores como la producción de lo que vestimos.

Cada vez son más las firmas que fabrican ropa de manera ética o sostenible. En general, son marcas que operan en España, que cuidan el medioambiente en sus procesos y, ante todo, aseguran que las condiciones de trabajo sean las más óptimas posibles.

### CARD 2A

#### Candidate version

#### **El síndrome del nido vacío**

En España no existía la costumbre de irse lejos de casa a vivir o estudiar, solo se dejaba la casa familiar para hacer su propia vida o casarse. Sin embargo, hoy en día la necesidad de encontrar trabajo ha llevado a los jóvenes a independizarse más temprano.

Cuando los hijos se van, los padres no tienen que preocuparse por la hora en que llegan a casa, ni siquiera tendrán la oportunidad de charlar, y este cambio les entristece. Suele ser la madre la que más experimenta la sensación de soledad.

Según la nutricionista española, Raquel Tejeda, para conseguir que los niños se levanten con muchas ganas de comer, deben tomar una cena ligera y dormir de 10 a 12 horas. Tendrán más hambre si han pasado muchas horas desde la cena del día anterior.

La lluvia por fin ha hecho acto de presencia este martes en Madrid, después de muchos días de sol y de altísimas temperaturas. La intensa lluvia ha provocado un fenómeno curioso en las calles de la ciudad, las cuales se han llenado de una espuma blanca.

El Ayuntamiento advierte a los conductores para que extremen la precaución cuando llueve después de muchos días sin hacerlo, ya que las calles pueden estar muy resbaladizas debido a la acumulación de aceites y otros residuos de los coches.

Las asociaciones de padres españoles recomiendan que los padres que llevan a sus hijos a la escuela pública empiecen esta semana una huelga contra los deberes. Proponen a sus hijos que se nieguen a hacer las tareas escolares durante los fines de semana de noviembre. Esta situación no tiene precedentes en España.

Un argumento a favor de la huelga es que los deberes invaden el tiempo de las familias. Algunos padres creen que sus hijos deberían dedicar el tiempo a la diversión y al juego. Quieren que sus hijos participen en actividades artísticas y culturales.
