Erica Larkcom and
Roger Delpech

CHEMISTRY:

Graham Hill and
Robert Wensley

PHYSICS:

Nick England

Provide your students with complete coverage of new Edexcel International GCSE Science specifications, with these affordable student books written by expert authors and teachers; testing knowledge and building practical skills throughout.

- Build students' confidence with in-depth yet accessible scientific content.
- Test knowledge and understanding with study questions throughout the book.
- Improve students' grades with exam-style questions for every section.
- Challenge higher ability students with extension activities.
- Build practical skills with coverage of all required practicals plus further suggested experiments.
- Enable the student to check their own progress with answers to all activities freely available online.
- Enhance and maximise learning with supporting workbooks for each subject.
