(Total 10 marks)

Section B

Section C

In this section, you will hear an interview with Steve Parnell, the inventor of a camera called Creaturecam.

*Listen and complete the sentences. Write no more than **THREE** words and/or numbers for each answer.*

CREATURECAM

[21.] The latest method is to attach the Creaturecam camera while the fish is

.....

[22.] The camera is placed on the shark's dorsal fin. The fin is made of a substance which is also found in human

[23.] Creaturecam is small and quite light but its restricts the amount of equipment it can carry.

[24.] It showed that Emperor Penguins feed nearer the than scientists thought.

[25.] The camera showed that seals used the shallow water to and the deep water to find food.

[26.] It showed that Sperm Whales use their to point at things.

[27.] The camera has to be before scientists can study marine animal behaviour.

[28.] When working with land animals, scientists hope to create a device for the lens.

[29.] The film showed that the young female bear did **not** other bears.

[30.] In the future, Creaturecams as small as could be used.
