

International GCSE Islamiyat (4IS0) update

February 2017

It has come to our attention that there are some authenticity issues affecting three Hadiths in the Specification. This affects the following Hadiths:

لكل داء دواء ودواء الذنب الاستغفار

الكاسب حبيب الله

من صلى عليّ مرة فتح الله له باباً من العافية

As this qualification is ending soon, no amendments will be made to its specification.

In the development of the new International GCSE Islamic Studies (for first teaching from September 2017) qualification we have worked with various stakeholders to ensure that all texts and Hadiths in the content are fully appropriate for all students. The three Hadiths from above will not appear in the new specification.
