

IGCSE Double Award Science (Biology) 4437/4H

Mark Scheme (Results)

November 2008

IGCSE

IGCSE Double Award Science - Biology (4437/4H)

The following acronyms are used

owtte or words to that effect

ecf error carried forward

dop dependent on previous

nwn no working necessary

| Question Number | Correct Answer | Notes | Mark |
|--------------------|--|-------|------|
| 1 (a) | amylase / carbohydrase; amino acids / polypeptides / peptides; lipase; | | (3) |

| Question | Correct Answer | Notes | Mark |
|----------|---|-------|------|
| Number | | | |
| 1 (b) | digestion / breakdown / decay / eq; nitrate / phosphate / other named mineral ion; carbon dioxide; respiration; photosynthesis; | | |
| | | | (5) |

| Question Number | Correct Answer | Notes | Mark |
|--------------------|---|-------|------------|
| 2 (a) (i) | plasma; | | (1) |
| Question Number | Correct Answer | Notes | Mark |
| 2 (a) (ii) | transport cells / salts / vitamins / hormones / carbon dioxide / urea / digested food / maintain blood volume / pressure / eq; | | Max (1) |
| Question Number | Correct Answer | Notes | Mark |
| 2 (b) (i) | white blood cells / leucocytes / phagocytes / lymphocytes; | | (1) |
| Question Number | Correct Answer | Notes | Mark |
| 2 (b) (ii) | engulf / eq; produce antibodies; destroy/kill/digest pathogens/bacteria / eq; | | Max (2) |
| Question Number | Correct Answer | Notes | Mark |
| 2 (c) | red cells / erythrocytes; | | (1) |
| Question Number | Correct Answer | Notes | Mark |
| 2 (d) | lack of oxygen; lack of glucose; respiration; to brain / heart / other named organ / cells; low blood pressure; Ignore lungs/body | | Max (2) |

| Question | Correct Answer | Notes | Mark |
|-----------|--------------------------------------|-------|------|
| Number | | | |
| 3 (a) (i) | aphids in middle; arrows correct; | | |
| | | | (2) |

| Question | Correct Answer | Notes | Mark |
|------------|---|-------|------|
| Number | | | |
| 3 (a) (ii) | reduce (yield) /less tomatoes; eat/feed on leaves/plants / sugars; | | |
| | less photosynthesis; | | Max |
| | | | (2) |

| Question Number | Correct Answer | Notes | Mark |
|--------------------|---------------------|-------|------|
| 3 (a) (iii) | biological control; | | (1) |

| Question | Correct Answer | Notes | Mark |
|----------|--|-------|------------|
| Number | | | |
| 3 (b) | affects other species / not specific; affects humans/ poisonous to humans / affects taste; bioaccumulation; food chain disruption; pollution; needs reapplication; resistance; Ignore immune | | Max (3) |

| Question | Correct Answer | Notes | Mark |
|----------|--|-------|------|
| Number | | | |
| 4 | enucleated egg cell / egg nucleus removed / | | |
| | empty egg cell; | | |
| | nucleus; | | |
| | from skin / from father's cell; | | |
| | electric treatment / stimulation of cell division; | | |
| | in vitro/eq; | | |
| | mitosis; | | |
| | <u>embryo</u> ; | | |
| | uterus / womb; | | |
| | surrogate (mother); | | |
| | | | (5) |

| Correct Answer | Notes | Mark |
|--------------------------------------|-------|--------------------|
| | | |
| two / both / same; | | |
| n / nn / not dominant / not snowing; | | (2) |
| | | two / both / same; |

| Question Number | Correct Answe | er | | Notes | Mark |
|--------------------|-----------------------------|--------------------------|-----------------------------------|-------|------|
| 5 (b) | hh h Hh Huntington | and and and and | Hh; H and h; hh; normal; | | (4) |

| Question | Correct Answer | Notes | Mark |
|----------|--|-------|------|
| Number | | | |
| 5 (c) | neurones / nerve <u>cells</u> / sensory; electrical / impulses; | | |
| | synapses; | | Max |
| | | | (2) |

| Question | Correct Answer | Notes | Mark |
|-----------|--|-------|------------|
| Number | | | |
| 6 (a) (i) | small molecules / named small molecule; pressure / eq; leave blood / glomerulus /enter Bowman's capsule / filtrate / fluid; | | Max (2) |
| | | T | |
| Ouestion | Correct Answer | Notes | Mark |

| Question Number | Correct Answer | Notes | Mark |
|--------------------|--|-------|------|
| 6 (a) (ii) | certain /required / named substances; return to blood / leave filtrate / eq; | | (2) |

| Question | Correct Answer | Notes | Mark |
|-----------|---|-------|------|
| Number | | | |
| 6 (b) (i) | 99%;; working 180-1.8 or divide by 180 = 1 | | |
| | | | (2) |

| Question Number | Correct Answer | Notes | Mark |
|--------------------|----------------|-------|------|
| 6 (b) (ii) | PCT / eq; | | (1) |

| Question | Correct Answer | Notes | Mark |
|----------|---|-------|------------|
| Number | | | |
| 6 (c) | less urine / less volume of urine; more concentrated urine / less water in urine; sweating; conc. of blood increases / eq.; (stimulates) pituitary / osmoreceptors / hypothalamus; ADH released; (carried to) kidney / nephron / collecting duct; increases permeability (of collecting duct); water reabsorbed / eq; | | Max (5) |

| Question | Correct Answer | Notes | Mark |
|-----------|---------------------------|-------|------|
| Number | | | |
| 7 (a) (i) | group A | | |
| | mass constant / fall /eq; | | |
| | then rises; | | |
| | | | |
| | group B | | |
| | mass rises /eq; | | |
| | fall / eq; | | Max |
| | | | (4) |

| Question | Correct Answer | Notes | Mark |
|------------|--|-------|------|
| Number | | | |
| 7 (a) (ii) | milk needed for growth; | | |
| | milk contains accessory food factors / calcium / | | |
| | vitamins; | | Max |
| | needed every day / delay before effect; | | (2) |

| Question Number | Correct Answer | Notes | Mark |
|--------------------|--|-------|------|
| 7 (b) | (change due to milk) not differences between groups / rats / eq; | | (1) |

| Question | Correct Answer | Notes | Mark |
|----------|---|-------|------------|
| Number | | | |
| 7 (c) | temperature / light / activity / cage size / eq; how controlled; | | |
| | genetic differences; same species/strain/gender of rats; | | |
| | age / original mass / litter size / number of rats in each group; how achieved; | | |
| | mass of food / rate of feeding; how achieved; | | Max (2) |

| Question Number | Correct Answer | Notes | Mark |
|--------------------|------------------------------------|-------|------------|
| 7 (d) | vitamin A; (citrus) fruit / eq; | | Max (2) |

| Question Number | Correct Answer | Notes | Mark |
|--------------------|--|-------|------|
| 8 (a) (i) | C; | | (1) |
| | | | |
| Question Number | Correct Answer | Notes | Mark |
| 8 (a) (ii) | two of A, C or F; Ignore B and G Reject if D, E or H in list | | (1) |
| | , - | | |
| Question Number | Correct Answer | Notes | Mark |
| 8 (a) (iii) | F/G/C/A; | | (1) |
| | | | |
| Question Number | Correct Answer | Notes | Mark |
| 8 (a) (iv) | H; | | (1) |
| | | | |
| Question Number | Correct Answer | Notes | Mark |
| 8 (b) | emulsification / eq; optimum pH / neutralise acid / eq; | | (2) |

| Question | Correct Answer | Notes | Mark |
|----------|--|-------|------|
| Number | | | |
| 9 | eutrophication; nitrate / phosphate; growth of water plants / algae / bloom; less light / less photosynthesis; bacteria / microorganisms / eq; respiration; less oxygen / oxygen used; fish / animals die; | | |
| | risit / attituats die, | | (5) |

| Question | Correct Answer | Notes | Mark |
|------------|------------------------------------|-------|------|
| Number | | | |
| 10 (a) (i) | moth / beetle / vole / wood mouse; | | |
| | | | (1) |
| | | | |

| Question Number | Correct Answer | Notes | Mark |
|--------------------|--------------------------------------|-------|------|
| 10 (a) (ii) | stoat + sparrow hawk + weasel + owl; | | (1) |

| Question | Correct Answer | Notes | Mark |
|----------|--|-------|------------|
| Number | | | |
| 10 (b) | survive if one organism dies out / eq; feed in different seasons; easier to find prey / more available / less competition; better chance of balanced diet; | | Max (2) |

| Question | Correct Answer | Notes | Mark |
|----------|--|-------|------|
| Number | | | |
| 10 (c) | eats producer/named producer and consumer/named consumer / eats plants and animals; feeds at (two) different trophic levels / is primary and secondary consumer / is herbivore and carnivore / omnivorous; | | |
| | · | | (2) |

| Question | Correct Answer | Notes | Mark |
|----------|--|-------|------|
| Number | | | |
| 10 (d) | energy lost; movement / respiration / excretion / egestion / eq; | | May |
| | little energy reaches the top; | | Max |
| | | | (3) |

| Question | Correct Answer | Notes | Mark |
|----------|---|-------|------|
| Number | | | |
| 11 (a) | <pre>protein / omega 3 / fats / fatty acids / vitamin (D) / eq;</pre> | | (1) |

| Question | Correct Answer | Notes | Mark |
|----------|--|-------|------|
| Number | | | |
| 11 (b) | oxygen; stirring / paddles / bubbling / eq; | | |
| | clean / remove waste/algae; filter / replace / eq; | | |
| | prevent build up of food; feed in small/regular amounts; | | |
| | control disease / bacteria / fungi; remove dead / diseased fish / use antibiotic / | | |
| | use fungicide; | | Max |
| | | | (4) |

| Question Number | Correct Answer | Notes | Mark |
|--------------------|---|-------|------|
| 11 (c) | release mineral ions / faeces / waste; release of chemicals / eq; release of bacteria (oxygen depletion); disease can infect wild fish; attract predators; habitat destruction by flooding / building / eq; | | (3) |

| Question Number | Correct Answer | Notes | Mark |
|--------------------|---|-------|---------|
| 11 (d) | more likely to catch / guaranteed harvest; no need to buy boat / fuel / employ / nets / not dangerous; all same species / size / health / condition / age / eq; not depleting wild fish stocks / no overfishing / conserving endangered species / eq; | | |
| | farm GM / selectively breed; | | Max (2) |
