1 About this specification

The Pearson Edexcel International GCSE in Spanish is part of a suite of International GCSE qualifications offered by Pearson.

This qualification is not accredited or regulated by any UK regulatory body.

This specification includes the following key features.

Structure: the Pearson Edexcel International GCSE in Spanish is a linear qualification. All units must be taken at the end of the course of study.

Content: relevant, engaging and up to date.

Assessment: 100% external assessment.

Approach: a foundation for students wishing to progress to further study of Spanish at schools and colleges.

- Listening skills are assessed separately in Paper 1.
- Reading and writing skills are tested in separate exercises in Paper 2.
- Speaking communication skills are assessed separately in Paper 3.
- Assessment is in the June examination series.
- For the purposes of communication, topics relate to the interests of students studying Spanish, for example in study and leisure situations.
- Contexts and settings will be those that students are likely to encounter, for example at school or in the media.
- Culturally sensitive and authentic texts are used throughout.
- Tests will measure achievement against many of the benchmarks of Levels A2 and B1 of the Council of Europe's Common European Framework of Reference for Languages: Learning, Teaching, Assessment (CEFR).

Specification updates

This specification is Issue 2 and is valid for the Edexcel International GCSE examination from 2019. If there are any significant changes to the specification, Pearson will inform centres. Changes will also be posted on our website.

For more information please visit qualifications.pearson.com

Using this specification

This specification has been designed to give guidance to teachers and encourage effective delivery of the qualification. The following information will help you get the most out of the content and guidance.

Compulsory content: as a minimum, all the bullet points in the content must be taught. The word ‘including’ in content specifies the detail of what must be covered.

Assessments: use a range of material and are not limited to the examples given. Teachers should deliver the qualification using a good range of examples to support the assessment of the content.

Depth and breadth of content: teachers should use the full range of content and all the assessment objectives given in Section 2 Spanish Content.
Introduction

The Pearson Edexcel International GCSE in Spanish is designed for use in schools. It is part of a suite of International GCSE qualifications offered by Pearson.

The qualification is designed primarily for students who are studying Spanish in order to enhance their future education or employment prospects.

Achievement is broadly equivalent to Levels A2 and B1 of the CEFR. Students at this level are expected to understand the main points of familiar matters regularly encountered in work, school, leisure, etc. and can deal with most situations likely to arise while travelling in an area where the language is spoken. They can produce simple, connected text on topics that are familiar or of personal interest, and can describe experiences and events, dreams, hopes and ambitions, and briefly give reasons and explanations for opinions and plans.

Students will be expected to communicate formally and informally in a range of contexts, and to understand a wide range of texts and styles.

The aim of the qualification is to test Spanish language competence through realistic and contextualised tasks based on authentic texts.

Speaking, listening, reading and writing skills are tested through three examination papers.
Qualification aims and objectives

The aims and objectives of this qualification are to enable students to develop:

• understanding and use of written forms of the target language, in a range of familiar and practical contexts, and for a variety of purposes
• understanding and use of the spoken forms of the target language, in a range of familiar and practical contexts, and for a variety of purposes
• the ability to communicate effectively in the target language through the written word, using a range of vocabulary and structures
• the ability to communicate effectively in the target language through speaking, using a range of vocabulary and structures
• a knowledge and understanding of the target language grammar and its practical application
• a knowledge and understanding of countries and communities where the target language is spoken
• positive attitudes towards modern foreign language learning
• a suitable foundation for further study of the target language, or another language.
Why choose Pearson Edexcel qualifications?

Pearson – the world’s largest education company

Edexcel academic qualifications are from Pearson, the UK’s largest awarding organisation. With over 3.4 million students studying our academic and vocational qualifications worldwide, we offer internationally recognised qualifications to schools, colleges and employers globally.

Pearson is recognised as the world’s largest education company, allowing us to drive innovation and provide comprehensive support for Pearson Edexcel students in acquiring the knowledge and skills they need for progression in study, work and life.

A heritage you can trust

The background to Pearson becoming the UK’s largest awarding organisation began in 1836, when a royal charter gave the University of London its first powers to conduct exams and confer degrees on its students. With over 150 years of international education experience, Edexcel qualifications have a firm academic foundation, built on the traditions and rigour associated with Britain’s educational system.

Results you can trust

Pearson’s leading online marking technology has been shown to produce exceptionally reliable results, demonstrating that at every stage, Pearson Edexcel qualifications maintain the highest standards.

Developed to Pearson’s world-class qualifications standards

Pearson’s world-class standards mean that all Pearson Edexcel qualifications are developed to be rigorous, demanding, inclusive and empowering. We work collaboratively with a panel of educational thought leaders and assessment experts to ensure that Pearson Edexcel qualifications are globally relevant, represent world-class best practice and maintain a consistent standard.

For more information on the World Class Qualification process and principles please go to Appendix 3 or visit our website: uk.pearson.com/world-class-qualifications.
Why choose Pearson Edexcel International GCSE in Spanish?

We have listened to feedback from all parts of the international school, UK independent school and language teaching community. We have made changes that will engage students and provide opportunities to gain skills that will support progression to further study of Spanish, and to enhance future educational or employment prospects.

Our Spanish language qualification is specifically intended for students whose first language is not Spanish.

The content and assessment approach for this qualification has been designed to meet students’ needs in the following ways.

**Topics** – the topics (and related texts) used in the reading and writing paper are engaging and suitable for all students, are based on contexts that students are likely to encounter and are diverse in their content. Culturally sensitive and authentic reading and listening texts are used throughout.

**Student selected picture** – students will select their own picture as part of the speaking examination. This empowers the students to confidently prepare for a topic of their choice, and personalise one element of their examination.

**Clear and straightforward question papers** – our question papers are clear and accessible for all students of all ability ranges and learning styles. Our mark schemes are straightforward, so that the assessment requirements are clear.

**Broad and deep development of skills** – the design of the revised International GCSE aims to extend students’ knowledge by broadening and deepening skills, for example students develop the ability to:

- read for both gist and detail
- write in response to a given situation
- listen to a complex argument or discussion, understand the overall message and identify attitudes and opinions
- participate in extended discussion.

**Development of spoken language skills** – students are able to develop their understanding of the spoken word through separate speaking and listening components.

**Progression to A Level** – International GCSEs enable successful progression to Level 3 qualifications (such as the International A Level) and beyond, in Spanish and other subjects. Through our world class qualification development process, we have consulted international Spanish language teaching experts to validate this qualification and endorse its content, skills development and assessment structure.

Paper 1: Listening

Externally assessed

1.1 Introduction

Listening

Students are required to convey their understanding of spoken Spanish through a series of listening tasks.

Students must be able to:

• identify and note main points
• deduce the meaning of words from context
• extract specific details
• identify points of view
• show some understanding of unfamiliar language
• recognise attitudes, emotions and opinions.

This paper will feature questions drawn from a variety of sources, which all relate to the topics. These sources should be considered as different contexts in which students can write and understand Spanish. Specialist and/or technical Spanish vocabulary or detailed specialist knowledge of the topics are not required.
1.2 Content

Listenning

The listening examination lasts 30 minutes and is worth a quarter (25%) of the qualification. It consists of 40 marks.

This paper will consist of seven tasks, each based on a single recorded text.

Students will be given five minutes to read the questions before the paper begins and will be expected to respond to the questions as they listen.

**Students will hear each text twice.**

Recorded texts may be in the form of short statements, monologues and dialogues between two or three speakers. Where there is more than one speaker, the identity of each speaker will be clearly signposted.

Recordings and tasks will always be contextualised and, where appropriate, a purpose for the task will be identified.

The topics of the listening texts will be taken from a range of different situations, from both everyday life and academic contexts with which students will be familiar. One task type may be used with each listening text.

Correct spelling and grammatical accuracy will not be a requirement as long as the student’s response is comprehensible.

The examination will begin with shorter statements, which build into short paragraphs and longer conversations. Task types demand a variety of input from students and include multiple-choice, multiple-matching, note-taking, table-completion and gap-fill questions.
2.1 Introduction

Reading

Students are required to convey their understanding of written Spanish through a series of reading tasks.

Students must be able to:

• identify and note main points
• deduce the meaning of words from context
• extract specific details
• identify points of view
• show some understanding of unfamiliar language
• recognise attitudes, emotions and opinions.

This section will feature questions drawn from a variety of sources that all relate to the topics. These sources should be considered as different contexts in which students can write and understand Spanish. Specialist and/or technical Spanish vocabulary or detailed specialist knowledge of the topics are not required.

Writing and grammar

Students need to draw on their knowledge of Spanish language, grammar and lexis in selecting appropriate forms of words to complete sentences, and demonstrate an ability to manipulate Spanish language in continuous writing. As part of their International GCSE, students should undertake regular writing activities.

This section will require students to:

• write for a variety of audiences, such as friends and acquaintances, teachers, family members, groups and professional bodies
• write using a wide range of grammatical forms and structures
• write using a wide range of relevant and appropriate vocabulary.
2.2 Content

Reading

Students should spend approximately 52 minutes of the 1-hour and 45-minute exam on this section, which is worth 50% of the paper and 25% of the qualification. It consists of 40 marks.

This section will consist of five tasks, each based on a collection of short texts or a longer single text.

The literary text consists of a short extract from a text that may have been adapted and abridged from authentic sources to be appropriate to this level – from letters, short stories, novels or plays to contemporary and historical sources.

Students will be required to read a range of authentic factual and non-factual written material of varying length, in different registers and contexts, and from different sources. These may include advertisements, short passages, letters, information leaflets, faxes, emails, website pages, newspaper and magazine articles and literary texts.

Stimuli and tasks will always be contextualised and, where appropriate, a purpose for the task will be identified.

The topics of the stimulus texts will be taken from a range of situations, from both everyday life and academic contexts with which students will be familiar. A different task type may be used with each stimulus text.

The questions will require a combination of non-verbal responses and answers in Spanish. In order to answer the questions, students will need to use a range of reading techniques such as skimming, scanning and in-depth reading for details. Grammatical accuracy will not be assessed in this section of the paper.

Correct spelling will not be a requirement as long as the student’s response is comprehensible.

Task types demand a variety of input from students and include multiple-choice, multiple-matching, note-taking, table-completion, gap-fill and short-answer questions.

Writing

Students should spend approximately 52 minutes of the 1-hour and 45-minute exam on this section, which is worth 50% of the paper and 25% of the qualification. It consists of 40 marks.

This section will consist of two writing tasks and a third grammar-based task.

The first writing task is short and the student will be asked to write 60–75 words, including four prescribed words or short phrases.

The second writing task is longer than the first and contains an element of choice. The student will be able to choose from three questions that are drawn from different topics, and they will need to write between 130 and 150 words in response to the question, addressing four bullet points.
In the third grammar-based task students will be asked to change the words in brackets so that they correctly fit the sentences. This will involve the need to manipulate, for example, verbs and adjectives, into their correct word form.

Grammatical accuracy, punctuation and spelling will be assessed in this section of the paper.

     | • Very strong evidence of correct spelling, verb formation, gender and agreement. |
3.1 Introduction

Speaking

Students are required to convey their understanding of spoken Spanish through three speaking tasks.

Students must be able to:

- describe the contents of a picture
- describe possible past or future events related to people in the picture
- respond to questions about the picture and its related topic
- take part in a spontaneous conversation on two further topics. In each conversation students must develop their responses, show initiative, express and justify points of view and refer to past, present and future events.

3.2 Content

The examination is made up of three tasks (A, B and C).

The tasks must be conducted in consecutive order.

Task A (picture-based discussion)

The intention of this task is to enable students to speak about a situation or scenario with which they have some familiarity. Students will have to select a picture before the exam.

Students will select a picture from any sub-topic area, excluding sub-topics A3, C3, C5, D2 and E4. These will not be assessed in Task A.

Tasks B and C (conversations on topics)

The intention of Tasks B and C is to test students on two topics that have not been specifically prepared so as to test spontaneity of response. The teacher/examiner uses the randomisation grid provided by Pearson to determine which topic is to be examined in Tasks B and C.

Sub-topics A3, C3, C5, D2 and E4 will not be assessed in Tasks B and C.

Three distinct topics must be examined across Tasks A, B and C. The topic chosen for Task A must be different from the topic selected at random for Task B. The topic for Task C, also selected at random, will be different from both of the previous topics in Tasks A and B. If any topics are the same, the task(s) will be discounted and the candidate will receive zero marks for that task(s).
3.3 Preparation for the speaking test

Picture selection in Task A
To ensure students have access to the full range of assessment criteria and the opportunity to score well in Task A, it is essential they select a picture that follows the guidelines below.
The picture **MUST** contain the following elements:
- people (at least two people)
- objects (in the background)
- interactions (showing what people are doing).
The picture must not contain any text that could support students in their responses.
For examples of pictures, please see the *Sample Assessment Materials* document, which is available on our website.
Teachers/examiners may not practise Task A with their students using the picture they will be using in the test. They may use other pictures on the same topic but they may not practise or rehearse using the student’s chosen picture.

Notification of Task A focus
Students must provide a copy of the picture for the teacher/examiner in advance of the test.

3.4 Conduct of the speaking test

General information
The assessment must be conducted entirely in Spanish.
Students must complete all three tasks in consecutive order.
The assessment must be conducted in one continuous session.
Speaking assessments must take place on consecutive days unless there are extenuating circumstances communicated in advance and approved by the International GCSE Modern Foreign Languages team at Pearson at languagesassessment@pearson.com.

Use of notes
Candidates must not take notes with them into the examination. However, they should bring their picture for Task A.

Timings of the tasks
The total assessment time is 8–10 minutes. Students are assessed on the quality of responses, so the length of tasks is representative of their relative demand.
Assessment times for the tasks are as follows.
- Task A: 2 to 3 minutes
- Task B: 3 to 3 minutes 30 seconds
- Task C: 3 to 3 minutes 30 seconds.
Task C should continue without a pause or interruption from Task B.
Tasks B and C should not exceed 7 minutes.
If the assessment time exceeds ten minutes, only the first ten minutes will be assessed.
**Randomisation grid**

In order to avoid misconduct in centres, teachers will receive randomisation grids three days in advance of the window for the speaking assessment from Pearson.

Based on the topic chosen for the picture-based discussion task, the teacher/examiner will use the randomisation grid to select the discussion topics for the first and second conversation (Tasks B and C).

If conducting more than five tests in a day, return to the beginning of the sequence after the fifth candidate. If conducting tests on more than one day, start each new day at the beginning of the sequence.

**Instructions for Task A**

Teachers/examiners must ask each candidate five questions in total (plus the allowed prompts – see below). There are five types of questioning which teachers/examiners must cover in the discussion and in the order listed below. Teachers must ensure they ask ONE question from each question type.

**Question type 1: A description of what you can see in the picture**

**Question type 2: Specific factual information about the picture**

For example, select a person or persons in the picture and state what they are doing.

**Question type 3: Past or future hypothesis**

This question must ask the candidate to imagine a possible past or potential future event relating to the picture.

This is the opportunity to support the candidate in using additional tenses and timeframes.

**Question type 4: Opinions about the picture**

This question elicits the candidate’s opinions on the picture and the topic.

**Question type 5: Evaluation**

The teacher/examiner should elicit an evaluation from the candidate. This question will move away from the content of the picture and exploit the wider topic area.

For examples of these questions, please see the *Sample Assessment Materials* document, which is available on our website. Teachers/examiners must mirror the style of questions in the sample assessment materials but not replicate them.

**Prompts**

In order to enable candidates to develop their responses, teachers/examiners are allowed to use prompts for questions. Only the following three prompts may be used.

- ¿Por qué (no)? – Why (not)?
- ¿Algo más? – Anything else?
- ¿Es todo? – Is that all?

There must be no other supplementary questions and teachers/examiners must not deviate from these prompts.
Instructions for Tasks B and C

For each conversation teachers/examiners should:

- ask open questions
- ask questions at an appropriate level for the candidate’s ability
- link the questions to the previous response as far as possible
- elicit a range of tenses (past, present and future), structures and vocabulary
- elicit opinions and justifications
- provide candidates with an opportunity to expand
- respect timings.

For examples of these questions, please see the Sample Assessment Materials document, which is available on our website. Teachers/examiners must mirror the style of questions in the sample assessment materials but not replicate them.

Recording of candidates’ speaking tests

All candidates’ speaking tests must be recorded. The centre should keep a copy of all recordings.

Where recordings fail or are unsatisfactory, you must re-examine as soon as possible.

It is essential to check that:

- the microphone and recorder are connected correctly, and recording is taking place
- the position of the microphone favours the candidate and not the examiner
- extraneous noise is kept to a minimum
- the recorder is switched on at the start of the test and off at the end
- the language, CD number, centre name and number, and examiner’s name are announced at the start of every CD. If recording digitally, this information should be recorded once and saved as the first file on the CD/USB
- the candidate’s name and number are announced at the start of each test
- the timing starts when the candidate answers the first assessment question
- the topic area is announced at the beginning of each task.

Interruption of recordings

The recording must not be paused or stopped during a test. If an emergency makes this unavoidable, a report should be written immediately for the Qualification Delivery and Award Manager for Spanish at Pearson. The report must explain the circumstances and any subsequent action taken. A copy of the report must be included with the oral tests sent to the examiner.

Authentication of candidate responses

The teacher/examiner and the candidate must sign the declaration of authentication on the candidate cover sheet (see Appendix 6: Candidate cover sheet (Paper 3: Speaking)), confirming that the work is the candidate’s own. Any candidate unable to provide an authentication statement will receive zero marks for the component.

3.6 Advice for examiners during Task A discussion and Tasks B and C conversations

- Do not point at anything (people, objects or interactions) in the picture for Task A.
- Avoid yes/no questions, except as a lead-in to something more challenging.
- Ensure that questions allow candidates to achieve their maximum potential, for example by covering a range of tenses/time references and opinions as appropriate within the prescribed time for the conversation.
- Throughout the conversation, in order to facilitate a genuine and spontaneous interaction, the nature of questions from the teacher/examiner should enable candidates to: (1) answer questions freely, in turn allowing them to produce extended sequences of speech, (2) develop conversations and discussions, (3) give and justify own thoughts and opinions, (4) refer to past, present and future events.
- Never correct a candidate’s language, however inaccurate, during a test.
- Avoid finishing sentences for candidates except where it would be in their interest to move on to something else.
- Try to stimulate candidates to produce their best performance, taking them to their ‘linguistic ceiling’ but being careful not to press on with questions of a certain difficulty if it becomes clear that a candidate cannot cope at that level.
- Interventions (questions, brief statements, instructions, comments, etc.) should always flexibly develop and logically build on what candidates have said.
- Candidates should be encouraged to speak independently and spontaneously and must not be allowed to produce rehearsed speeches – candidates who repeat pre-learned or memorised material should be encouraged to produce more spontaneous discourse.
Grammar list

Students are expected to have acquired knowledge and understanding of Spanish grammar during their course. In the examination they will be required to apply their knowledge and understanding to various tasks, drawing from the following lists.

The examples in brackets are indicative, not exclusive.

For structures marked (R), only receptive knowledge is required.

Nouns
- gender
- singular and plural forms

Articles
- definite and indefinite
- lo plus adjective

Adjectives
- agreement
- position
- comparative and superlative: regular and including mayor, menor, mejor, peor
- demonstrative (este, ese, aquel)
- indefinite (cada, otro, todo, mismo, alguno)
- possessive (mi, mío)
- interrogative (cuánto, qué)
- relative (cuyo)

Adverbs
- function
- comparative and superlative
- interrogative (e.g. cómo, cuándo, dónde)
- adverbs of time and place (aquí, allí, ahora, ya)
- common adverbial phrases
- e.g. muy, bastante, demasiado, poco, mucho

Quantifiers/intensifiers
- e.g. muy, bastante, demasiado, poco, mucho

Pronouns
- subject
- object
- position and order of object pronouns
- reflexive
- relative: que, quien, lo que, el que, el cual
- disjunctive (conmigo, para mí)
- demonstrative (éste, ése, aquél, esto, eso)
- possessive (e.g. el mío, la mía)
- indefinite (e.g. algo alguien)
- interrogative (e.g. quién, que)
Verbs

- regular and irregular forms of verbs, including reflexive verbs
- all persons of verbs, singular and plural negative forms
- interrogative forms
- modes of address: tú, usted
- radical-changing verbs
- reflexive constructions (se puede, se necesita, se habla)
- uses of ser and estar

Tenses:
- present indicative
- present continuous
- preterite (indefinido)
- imperfect
- imperfect continuous
- immediate future
- future
- perfect
- pluperfect
- conditional
- gerund
- passive voice \( (R) \)

Imperative: common forms

Present subjunctive in exclamatory phrases (¡Viva! ¡Dígame!) for formal positive and negative commands and for familiar negative commands

Present subjunctive after verbs of wishing, command, request, emotion, to express purpose (para que), future with \( \text{cuando} \)

Imperfect subjunctive \( (R) \)

Prepositions

- common, including personal \( a \)

Conjunctions

- coordinating and subordinating, including \( y \) (e), \( o \) (u), pero, sino, porque

Numbers, quantity, dates and time

- including use of \( \text{desde hace} \) with present and imperfect tenses

4 Administration and general information

Entries

Details of how to enter students for the examinations for this qualification can be found in our International Information Manual. A copy is made available to all examinations officers and is available on our website.

Students should be advised that, if they take two qualifications in the same subject, colleges, universities and employers are very likely to take the view that they have achieved only one of the two GCSE/International GCSE qualifications.

Students or their advisers who have any doubts about subject combinations should check with the institution to which they wish to progress before embarking on their programmes.

Access arrangements, reasonable adjustments, special consideration and malpractice

Equality and fairness are central to our work. Our equality policy requires all students to have equal opportunity to access our qualifications and assessments, and our qualifications to be awarded in a way that is fair to every student.

We are committed to making sure that:

- students with a protected characteristic (as defined by the UK Equality Act 2010) are not, when they are undertaking one of our qualifications, disadvantaged in comparison to students who do not share that characteristic
- all students achieve the recognition they deserve for undertaking a qualification and that this achievement can be compared fairly to the achievement of their peers.

Language of assessment

Assessment of this qualification will only be available in Spanish. All student work must be in Spanish.

Access arrangements

Access arrangements are agreed before an assessment. They allow students with special educational needs, disabilities or temporary injuries to:

- access the assessment
- show what they know and can do without changing the demands of the assessment.

The intention behind an access arrangement is to meet the particular needs of an individual student with a disability without affecting the integrity of the assessment. Access arrangements are the principal way in which awarding bodies comply with the duty under the Equality Act 2010 to make ‘reasonable adjustments’.

Access arrangements should always be processed at the start of the course. Students will then know what is available and have the access arrangement(s) in place for assessment.
Reasonable adjustments

The UK Equality Act 2010 requires an awarding organisation to make reasonable adjustments where a student with a disability would be at a substantial disadvantage in undertaking an assessment. The awarding organisation is required to take reasonable steps to overcome that disadvantage.

A reasonable adjustment for a particular student may be unique to that individual and therefore might not be in the list of available access arrangements.

Whether an adjustment will be considered reasonable will depend on a number of factors, including:

- the needs of the student with the disability
- the effectiveness of the adjustment
- the cost of the adjustment
- the likely impact of the adjustment on the student with the disability and other students.

An adjustment will not be approved if it involves unreasonable costs to the awarding organisation, timeframes or affects the security or integrity of the assessment. This is because the adjustment is not ‘reasonable’.

Special consideration

Special consideration is a post-examination adjustment to a student's mark or grade to reflect temporary injury, illness or other indisposition at the time of the examination/assessment, which has had, or is reasonably likely to have had, a material effect on a candidate’s ability to take an assessment or demonstrate their level of attainment in an assessment.

Further information

Please see our website for further information about how to apply for access arrangements and special consideration.

For further information about access arrangements, reasonable adjustments and special consideration please refer to the JCQ website: www.jcq.org.uk.
Malpractice

Candidate malpractice

Candidate malpractice refers to any act by a candidate that compromises or seeks to compromise the process of assessment, or which undermines the integrity of the qualifications or the validity of results/certificates.

Candidate malpractice in examinations must be reported to Pearson using a JCQ Form M1 (available at www.jcq.org.uk/exams-office/malpractice). The form should be emailed to candidatemalpractice@pearson.com. Please provide as much information and supporting documentation as possible. Note that the final decision regarding appropriate sanctions lies with Pearson.

Failure to report malpractice constitutes staff or centre malpractice.

Staff/centre malpractice

Staff and centre malpractice includes both deliberate malpractice and maladministration of our qualifications. As with candidate malpractice, staff and centre malpractice is any act that compromises or seeks to compromise the process of assessment or which undermines the integrity of the qualifications or the validity of results/certificates.

All cases of suspected staff malpractice and maladministration must be reported immediately, before any investigation is undertaken by the centre, to Pearson on a JCQ Form M2(a) (available at www.jcq.org.uk/exams-office/malpractice).

The form, supporting documentation and as much information as possible should be emailed to pqsmalpractice@pearson.com. Note that the final decision regarding appropriate sanctions lies with Pearson.

Failure to report malpractice itself constitutes malpractice.

More detailed guidance on malpractice can be found in the latest version of the document General and Vocational Qualifications Suspected Malpractice in Examinations and Assessments Policies and Procedures, available at www.jcq.org.uk/exams-office/malpractice.

Awarding and reporting

The International GCSE qualification will be graded and certificated on a nine-grade scale from 9 to 1 using the total subject mark, where 9 is the highest grade. Individual components are not graded. The first certification opportunity for the Pearson Edexcel International GCSE in Spanish will be in 2019. Students whose level of achievement is below the minimum judged by Pearson to be of sufficient standard to be recorded on a certificate will receive an unclassified U result.

Student recruitment and progression

Pearson follows the JCQ policy concerning recruitment to our qualifications in that:

- they must be available to anyone who is capable of reaching the required standard
- they must be free from barriers that restrict access and progression
- equal opportunities exist for all students.
**Prior learning and other requirements**

There are no prior learning or other requirements for this qualification.

**Progression**

Students can progress from this qualification to:

- AS and A Levels in Spanish and other subjects
- vocational qualifications, such as BTEC Nationals.

Appendix 1: Minimum core vocabulary list

The following vocabulary list is intended to help you plan work in relation to your programmes of study. Assessment tasks targeted at grades 1 to 5 will be based on this vocabulary list, although they may include some unfamiliar vocabulary. Occasional glossing of individual words may occur in the examinations, although this will be avoided whenever possible. As well as specified vocabulary, students will be expected to have knowledge of numbers, times, days of the week, months, etc.

Some of the vocabulary in the list is not unique to the topic under which it is listed and may appear under more than one heading. Adjectival forms of nouns are included although not always specifically listed here. The list does not include easily recognisable cognates or near cognates, words in common use in English, or English words in common use in Spanish.

Appendix 3: Pearson World Class Qualification Design Principles

Pearson’s world-class qualification design principles mean that all Edexcel qualifications are developed to be **rigorous, demanding, inclusive and empowering**.

![Diagram](image)

We work collaboratively to gain approval from an external panel of educational thought leaders and assessment experts from across the globe. This is to ensure that Edexcel qualifications are globally relevant, represent world-class best practice in qualification and assessment design, maintain a consistent standard and support learner progression in today’s fast-changing world.

Pearson’s Expert Panel for World Class Qualifications is chaired by Sir Michael Barber, a leading authority on education systems and reform. He is joined by a wide range of key influencers with expertise in education and employability.

“I’m excited to be in a position to work with the global leaders in curriculum and assessment to take a fresh look at what young people need to know and be able to do in the 21st century, and to consider how we can give them the opportunity to access that sort of education.” Sir Michael Barber.
Endorsement from Pearson’s Expert Panel for World Class Qualifications for the International GCSE development processes

May 2014

“We were chosen, either because of our expertise in the UK education system, or because of our experience in reforming qualifications in other systems around the world as diverse as Singapore, Hong Kong, Australia and a number of countries across Europe.

We have guided Pearson through what we judge to be a rigorous world-class qualification development process that has included:

- extensive international comparability of subject content against the highest-performing jurisdictions in the world
- benchmarking assessments against UK and overseas providers to ensure that they are at the right level of demand
- establishing External Subject Advisory Groups, drawing on independent subject-specific expertise to challenge and validate our qualifications.

Importantly, we have worked to ensure that the content and learning is future oriented, and that the design has been guided by Pearson’s Efficacy Framework. This is a structured, evidence-based process, which means that learner outcomes have been at the heart of this development throughout.

We understand that ultimately it is excellent teaching that is the key factor to a learner’s success in education but as a result of our work as a panel we are confident that we have supported the development of Edexcel International GCSE qualifications that are outstanding for their coherence, thoroughness and attention to detail, and can be regarded as representing world-class best practice.”

Appendix 4: Transferable skills

The need for transferable skills

In recent years, higher-education institutions and employers have consistently flagged the need for students to develop a range of transferable skills to enable them to respond with confidence to the demands of undergraduate study and the world of work.

The Organisation for Economic Co-operation and Development (OECD) defines skills, or competencies, as ‘the bundle of knowledge, attributes and capacities that can be learned and that enable individuals to successfully and consistently perform an activity or task and can be built upon and extended through learning.’[1]

To support the design of our qualifications, the Pearson Research Team selected and evaluated seven global 21st-century skills frameworks. Following on from this process, we identified the National Research Council’s (NRC) framework[2] as being the most evidence-based and robust skills framework, and have used this as a basis for our adapted skills framework.

The framework includes cognitive, intrapersonal skills and interpersonal skills.

The skills have been interpreted for this specification to ensure that they are appropriate for the subject. All of the skills listed are evident or accessible in the teaching, learning and/or assessment of the qualification. Some skills are directly assessed. Pearson materials will support you in identifying these skills and developing these skills in students.

The table overleaf sets out the framework and gives an indication of the skills that can be found in the International GCSE in Spanish and indicates the interpretation of the skill in this area. A full subject interpretation of each skill, with mapping to show opportunities for students’ development is provided on the subject pages of our website: qualifications.pearson.com
