

Notice on: International GCSE French 4FR1 (9-1), International GCSE German 4GN1 (9-1), International GCSE Spanish 4SP1 (9-1)

June 2018

Dear Colleagues

We would like to notify those undertaking the courses specified in the title of a discrepancy in our Sample Assessment Materials across these MFL subjects.

As some centres have highlighted, the Mark Schemes in the SAMs do not match those in the Specification and Specimen Papers. We are working hard to resolve this and will remove and re-upload the SAMs shortly with the correct Mark Schemes.

However, in the mean time we would like to request that all centres use the Mark Schemes from the Specification when marking student work in their centre.

We apologise for any inconvenience this may have caused.

Kind regards,
Euan

Euan Gordon
