UNIT 1: Spoken Expression and Response

Instructions to the candidate

You do not need any other materials.

General instructions

- The examination is made up of two sections.
- You must not use dictionaries or other resources at any time.

Section A (Spoken Response)

- Read the short paragraphs in this stimulus.
- You have 15 minutes' preparation time for this section, during which you can make notes (maximum of one side of A4 paper) that you can refer to during your discussion.
- You must not make notes on this stimulus.
- You will have approximately four minutes on this task.

Section B (Discussion)

- Your teacher/examiner will then open up the discussion into the wider general topic area.
- Listen carefully to your teacher/examiner and participate in the discussion.
- You do not need to refer to the material provided in this stimulus for this section.
- You will have approximately four minutes on this task.

El primer móvil de los hijos

Comprar el primer móvil de los hijos es uno de los retos a los que se enfrentan muchos padres españoles, aunque no existe una edad perfecta para dar el paso. Lo cierto es que los menores acceden a las tecnologías cada vez más temprano para sentirse integrados en su grupo de amigos, combatir la presión social y comunicarse con los demás.

La educación digital y sobre todo la madurez del menor son los principales indicadores que los padres deben tener en cuenta, al tomar esta importante decisión.

Messi, un buen modelo a seguir

«Lionel Messi es el mejor futbolista de la historia, no solo por los muchos premios ganados, sino por su excelente forma de jugar. Ganamos la Copa Mundial en Qatar, donde vimos a Messi recibir el premio individual como Mejor Jugador del Torneo, poniéndole en la cima del fútbol mundial», dice Juan Castro, aficionado argentino.

«Millones de niños de todo el planeta aman el fútbol gracias a Messi, un hombre trabajador con magia en los pies. Sin duda, la falta de esfuerzo nunca puede asociarse con este gran modelo a seguir».

La dieta española

Los científicos nos advierten desde hace años de los efectos nocivos de la comida rápida. Sin embargo, evitar su consumo es difícil, si vives en un barrio en el que se concentra una gran cantidad de restaurantes de comida basura. Además, vivimos a un ritmo cada vez más rápido y no tenemos tiempo ni para comprar ingredientes frescos ni para cocinar.

Aunque la dieta mediterránea siempre ha sido un ejemplo de alimentación saludable, en España ya ha comenzado a ser minoritaria, resultando en la tendencia a consumir productos ultra procesados.

Los pueblos abandonados de Asturias

En Asturias podemos encontrar numerosos pueblos que, por diversos motivos, han sido abandonados. José, 60 años, es el único habitante del pueblo Coucellín. «Nací aquí. Me gano la vida cortando los árboles en el bosque y me encanta mi trabajo. Cada día, preparo la madera y la vendo en los pueblos de alrededor», dice.

«Cada vez hay menos habitantes en los pueblos cercanos y me preocupo por este proceso de despoblación. Participo en un proyecto rural y acabamos de montar una campaña para estimular la vida en los pueblos deshabitados».

La contaminación por plásticos en América Latina

Más del 80 % de los latinoamericanos está muy preocupado por la contaminación por plásticos. «En cuanto a los aspectos que nos inquietan, el principal está relacionado con sus efectos nocivos en los océanos y la destrucción de la vida marina, además de los efectos en la salud humana de la basura que generan los plásticos», dice Felipe, un joven chileno.

«Aun sabiendo que es algo crucial, las tasas de reciclaje del plástico siguen siendo bajas. Aunque hemos empezado a reciclar un poco más, lo hacemos a ritmo muy lento».

El turismo rural en Colombia

«En Colombia el turismo rural es nuestra prioridad y este año queremos introducir nuevas vacaciones sostenibles, enfocándonos mucho en la importancia de relacionarse con la naturaleza. Así podremos ofrecer al turista la oportunidad de conocer nuevos destinos que se deben conservar, destacando la importancia vital de cuidar a nuestro planeta», dijo Samuel Bessudo, presidente de Aviatur.

«Para ser más competitivos en turismo rural necesitamos mejores rutas para caminar. Nos hace falta esta infraestructura porque actualmente es difícil llegar a muchos destinos rurales. Queremos crear un turismo rural que sea accesible».
