3 You are doing a project about different types of holidays.

Read the text below and write a summary for your teacher.

ARE HOLIDAYS ON A CRUISE SHIP FOR YOU?

Many people are not sure if they would enjoy a holiday on a ship sailing from place to place. So, what do you need to think about before deciding whether a cruise is for you?

Advantages of cruise holidays

Although it may seem like an expensive holiday, it's important to consider everything you get from a cruise and what you are actually paying for. The price you pay usually covers: meals, entertainment, activities and transport between different places. On a traditional holiday, these costs would be extra after paying for your flight and hotel. You may be pleasantly surprised at the outstanding value cruises offer.

Normally, if you want a holiday that includes visiting lots of places, you'll have to do a huge amount of planning and travelling on public transport, but that's not the case with a cruise. You can enjoy your travel time while being taken to the next destination. A wide range of activities is always available, so you don't have to look very hard to find an activity you will enjoy.

Cruise holidays appeal to lots of different people and the average cruise ship offers activities for everyone. If you're planning a family or a group trip, there will be something to keep everybody happy.

Disadvantages of cruise holidays

If you don't like fixed travel schedules and prefer to make decisions day by day, you might not like cruise holidays. You must get off the ship at a particular time to visit a place and you must leave at a set time to get back on the ship. There's very little flexibility.

If you love to spend some time at a new place, getting to know the local people and sites, then cruise holidays might not be suitable for you as you only have limited time on shore. Also, the majority of the trips that cruise ships offer focus on visiting locations that attract many tourists and these sites are usually expensive.

As cruise holidays are now very popular, the ships can become very busy. If you don't feel comfortable being around lots of people then think carefully about this. In addition, you have to be ready to wait in queues everywhere, from the dining halls to the lifts.

Although most cruise ships offer Wi-Fi, this may not be reliable and if you are the type of person who enjoys posting photos online, you may be disappointed. In addition, if you're travelling and hoping to do some work along the way, this may not be possible.

Are cruises for you? It depends on the type of person you are and what you are looking for in a holiday.

In your summary you **must**:

- write about **two** advantages of cruise holidays
- write about **two** disadvantages of cruise holidays
- based on the points in the text, explain whether you would enjoy a cruise holiday.

You **must** use your own words where possible.

Remember to use a range of grammatical structures and vocabulary in your response.

Aim to write approximately **180** words in English.
