Geography

PAPER 2: Human geography

You must have:

Resource Booklet (enclosed), calculator

Total Marks

Instructions

- Use **black** ink or ball-point pen.
- **Fill in the boxes** at the top of this page with your name, centre number and candidate number.
- In Section A, answer **two** questions from Questions 1, 2 and 3.
- In Section B, answer **one** question from Questions 4, 5 and 6.
- In Section C, answer **one** question from Questions 7, 8 and 9.
- Answer the questions in the spaces provided
– *there may be more space than you need.*
- Calculators may be used.
- **Where asked you must show all your working out with your answer clearly identified at the end of your solution.**

Information

- The total mark for this paper is 105.
- The marks for **each** question are shown in brackets
– *use this as a guide as to how much time to spend on each question.*

Advice

- Read each question carefully before you start to answer it.
- Check your answers if you have time at the end.

Pearson

SECTION A

Answer TWO questions from this section.

Some questions must be answered with a cross in a box ☒. If you change your mind about an answer, put a line through the box ☒ and then mark your new answer with a cross ☒.

If you answer Question 1, put a cross in the box ☒ .

1 Economic activity and energy

(a) (i) Identify **one** source of renewable energy. (1)

- A coal
- B gas
- C oil
- D wind

(ii) State **one** advantage of using renewable energy. (1)

(b) Identify **one** disadvantage of using shale gas as an energy source. (1)

- A fracking is cheap
- B groundwater pollution
- C refills water reservoirs
- D supports biodiversity

(c) Study Figure 1a in the Resource Booklet.
Suggest **one** way these factories could become more sustainable. (2)

.....

.....

.....

.....

DO NOT WRITE IN THIS AREA

DO NOT WRITE IN THIS AREA

DO NOT WRITE IN THIS AREA

(d) State **one** factor that has increased global demand for energy.

(1)

(e) Explain **one** human and **one** physical factor that can affect the location of primary sector activities.

(4)

human

physical

(f) Study Figure 1b in the Resource Booklet.

Suggest **one** possible reason for the distribution shown.

(3)

(g) Thomas Malthus developed a theory about the relationship between population and resources.

Explain **two** of the ideas from this theory.

(4)

1

.....

.....

.....

.....

2

.....

.....

.....

If you answer Question 2, put a cross in the box .

2 Rural environments

(a) (i) Identify **one** characteristic of intensive farming. (1)

- A** high inputs
- B** little surplus crops
- C** low yields
- D** small areas of land used

(ii) State **one** benefit of using genetically modified (GM) crops. (1)

.....

.....

(b) Identify **one** type of farm diversification. (1)

- A** building a new road to the farm
- B** limiting the amount of pesticides used
- C** opening a farm shop
- D** reducing the number of crops grown

(c) Study Figure 2a in the Resource Booklet.
Describe the characteristics of this rural environment. (2)

.....

.....

.....

(d) State **one** strategy used to make water supplies more sustainable in rural areas. (1)

.....

.....

(e) Explain **two** ways tourism can have a negative impact on rural areas.

(4)

1

.....

.....

.....

2

.....

.....

.....

(f) Study Figure 2b in the Resource Booklet.

Explain how **either** temperature **or** precipitation can affect the characteristics of biomes.

(3)

.....

.....

.....

.....

.....

.....

DO NOT WRITE IN THIS AREA

DO NOT WRITE IN THIS AREA

DO NOT WRITE IN THIS AREA

(g) Explain **two** ways natural ecosystems provide goods for people.

If you answer Question 3, put a cross in the box ☒ .

3 Urban environments

(a) (i) Identify **one** factor that has slowed down the rate of urbanisation for some areas. (1)

- A** counter-urbanisation
- B** parking restrictions
- C** rural isolation
- D** waste disposal facilities

(ii) State **one** cause of megacity growth. (1)

.....

.....

(b) Identify **one** region of the world which had the highest rate of urbanisation in the 2020s. (1)

- A** Eastern Europe
- B** North America
- C** Southeast Asia
- D** Western Europe

(c) Study Figure 3a in the Resource Booklet.
Suggest **one** reason why transport is a challenge in urban areas. (2)

.....

.....

.....

.....

(d) State **one** food-related challenge for people living in cities. (1)

.....

.....

DO NOT WRITE IN THIS AREA

SECTION B

Geographical enquiry

Answer ONE question only from this section.

If you answer Question 4, put a cross in the box .

4 Investigating economic activity and energy

You have studied economic activity and energy as part of your own geographical enquiry.

State the title of your enquiry.

.....

.....

(a) (i) Name **one** type of graph you used to present your data. (1)

.....

(ii) Explain **one** reason for your choice of graph. (2)

.....

.....

.....

.....

(b) Explain **one** qualitative primary data collection technique you used in your enquiry. (2)

.....

.....

.....

DO NOT WRITE IN THIS AREA

Global issues

Answer ONE question only from this section.

Some questions must be answered with a cross in a box ☒. If you change your mind about an answer, put a line through the box ☒ and then mark your new answer with a cross ☒.

If you answer Question 7, put a cross in the box ☐ .

7 Fragile environments and climate change

(a) (i) Define the term **fragile environment**.

(1)

(ii) Identify **one** factor that affects the distribution of coral reefs.

(1)

- A soil pH
- B water biodiversity
- C water salinity
- D wind speed

(iii) Identify **one** feature of a coral reef.

(1)

- A algae
- B buttress roots
- C river delta
- D permafrost

P 7 5 9 6 3 A 0 2 9 4 8

(b) (i) Study Figure 7a in the Resource Booklet.

Identify **two** cities at greatest risk of desertification.

(2)

1

2

(ii) Suggest **two** reasons for the pattern shown in Figure 7a.

(4)

1

2

(c) Explain **two** approaches to reducing water shortages.

(4)

1

2

(d) (i) Study Figure 7b in the Resource Booklet.

Calculate the mean deforestation rate for the countries shown.

You **must** show all your workings in the spaces below.

(2)

.....Mha

(ii) Describe **one** difference shown in Figure 7b.

If you answer Question 8, put a cross in the box .

8 Globalisation and migration

(a) (i) Identify **one** feature of all transnational corporations (TNCs). (1)

- A** creates few jobs
- B** high wages for all workers
- C** low demand on local resources
- D** operates in many countries

(ii) Identify **one** benefit a country can gain from hosting a transnational corporation (TNC). (1)

- A** can attract further investment
- B** can cause water pollution
- C** exploitation of local workers
- D** profits often go back to country of origin

(b) (i) State **one** positive impact of migration on host (destination) countries. (1)

(ii) Study Figure 8a in the Resource Booklet.

Identify the **two** provinces with the highest internal migration between provinces. (2)

1

2

(iii) Suggest **two** reasons for the pattern shown in Figure 8a.

(4)

1

2

(c) Explain **two** ways geopolitical relationships between countries can affect trade.

9 Development and human welfare

(a) (i) Identify **one** social indicator of development. (1)

- A** carbon emissions per capita
- B** gross domestic product
- C** gross national product
- D** literacy rate

(ii) Identify **one** top-down way of supporting development. (1)

- A** building a well in a village
- B** community loans from a charity
- C** debt relief
- D** small scale training provision

(iii) State **one** disadvantage of top-down development projects. (1)

.....

.....

(b) (i) Study Figure 9a in the Resource Booklet.
Identify **two** labelled regions with the lowest sub-national Human Development Index (HDI). (2)

1

2

(ii) Suggest **two** reasons for the pattern shown in Figure 9a.

(4)

1

.....

.....

.....

2
