## Paper 3 Speaking – Randomisation grid

Based on the topic chosen for the picture-based discussion (Task A), the teacher/examiner will use the randomisation grid to select the discussion topics for the first and second conversations (Tasks B and C).

If conducting more than five tests in a day, return to the beginning of the sequence after the 5th candidate. If conducting tests on more than one day, start each new day at the beginning of the sequence.

| Candidate order | Task A | Task B | Task C |
