Introduction

LCCI qualifications

LCCI qualifications are widely regarded by employers as preparing students to carry out the key functions of modern international business. The qualifications are recognised worldwide by employers, universities and professional bodies such as the Association of Chartered Certified Accountants (ACCA).

This new and engaging range of qualifications has been developed in collaboration with professional bodies, employers and customers. We have conducted in-depth, independent consultation to ensure that the qualifications develop the breadth and depth of knowledge, skills and understanding that students need to be effective employees, and that the qualifications support progression pathways.

Pearson LCCI offers a wide range of qualifications; they are available at Levels 1 to 4 across the following subject areas:

- Business
- Financial and Quantitative
- Marketing

Please note: All the qualifications in the LCCI Business and Marketing suites will be retired as of April 2022. The last examination entry date will be February 2022.

This specification is part of the Financial and Quantitative suite of LCCI qualifications.

Please refer to the Pearson website for details of other qualifications in the suite.

Purpose of the specification

This specification sets out:

- the objectives of the qualification
- any other qualification(s) that a student must have completed before taking the qualification
- any prior knowledge and skills that the student is required to have before taking the qualification
- any other requirements that a student must have satisfied before they will be assessed or before the qualification will be awarded
- the knowledge, understanding and skills that will be assessed as part of the qualification
- the method of assessment and any associated requirements relating to it
- the criteria against which a student's level of attainment will be measured (such as assessment criteria).

Rationale

The Pearson LCCI Level 1 Certificate in Bookkeeping (VRQ) meets the following purpose:

The purpose of this introductory level qualification is to give students essential skills in, and knowledge of, double-entry bookkeeping.

A review of the qualification requirements at this level identified the main functions of bookkeeping in a business. This qualification therefore includes content on these main functions:

- books of original entries
- the ability to maintain up-to-date records of all financial transactions in an appropriate format using accounting record books (the ledgers)
- double-entry bookkeeping
- introduction to financial statements (without provisions for doubtful debts and only two methods of depreciation).

This qualification is appropriate for students who are already in the role and for those who are aspiring to a role, where they are responsible for the detailed recording of all the financial transactions of a business, maintaining these records using books of original entry and double-entry bookkeeping, and for ensuring that all monetary transactions made by the business are recorded accurately.

Qualification aim

The Pearson LCCI Level 1 Certificate in Bookkeeping (VRQ) qualification and legacy qualification are established and valued by employers worldwide and recognised by professional bodies. All businesses require accurate bookkeeping records that are maintained on a regular basis. Consequently, there is a demand for employees who possess these bookkeeping skills.

The qualification is intended for students who wish to acquire the essential skills and knowledge of maintaining business records, using books of original entry and double-entry bookkeeping and who are working, or preparing to work, in areas of business that will involve the recording of financial transactions. The qualification is also for those students who wish to understand bookkeeping in accordance with the International Accounting Standards Board (IASB)

The qualification will give students the opportunity to develop an understanding of the basic principles underlying the recording of business transactions and to develop the ability to maintain the books of and prepare financial statements for sole traders.

The qualification is an introduction to bookkeeping and allows progression to the Pearson LCCI Level 2 Certificate in Bookkeeping and Accounting (VRQ) and supports progression into the job market, for example, in a bookkeeping role within a large company's finance department.

Entry and assessment information

Please see the *LCCI International Qualification Operations Guide for Centres* and the *LCCI Examination Regulations*, available on our website: qualifications.pearson.com/lcci

Student entry

Details on how to enter candidates for the examination for this qualification can be found at: qualifications.pearson.com/lcci.

The closing date for entries is approximately six weeks before the start of each examination series. Centres should refer to the published examination timetable for examination dates.

Combinations of entry

There are no forbidden combinations of entry for this qualification.

Age

This qualification is intended for learners aged 16 and above.

Resitting the qualification

Candidates can resit the examination for the Pearson LCCI Level 1 Certificate in Bookkeeping (VRQ).

It is strongly advised that candidates do not register to undertake a resit until they have received the results from their previous examination.

Awarding and reporting

The Pearson LCCI Level 1 Certificate in Bookkeeping (VRQ) qualification is certificated on a three-grade scale: Pass/Merit/Distinction. Pass and Distinction are awarded, Merit is arithmetically calculated.

Access arrangements, reasonable adjustments and special consideration

Access arrangements

Access arrangements are agreed before an assessment. They allow students with special educational needs, disabilities or temporary injuries to:

- access the assessment
- show what they know and can do without changing the demands of the assessment.

The intention behind an access arrangement is to meet the particular needs of an individual student with a disability without affecting the integrity of the assessment. Access arrangements are the principal way in which awarding bodies comply with the duty under the Equality Act 2010 to make 'reasonable adjustments'.

Access arrangements should always be processed at the start of the course. Students will then know what is available and have the access arrangement(s) in place for assessment.

Reasonable adjustments

The Equality Act 2010 requires an awarding organisation to make reasonable adjustments where a person with a disability would be at a substantial disadvantage in undertaking an assessment. The awarding organisation is required to take reasonable steps to overcome that disadvantage.

A reasonable adjustment for a particular person may be unique to that individual and therefore might not be in the list of available access arrangements.

Whether an adjustment will be considered reasonable will depend on a number of factors, which will include:

- the needs of the student with the disability
- the effectiveness of the adjustment
- the cost of the adjustment; and
- the likely impact of the adjustment on the student with the disability and other students.

An adjustment will not be approved if it involves unreasonable costs to the awarding organisation, timeframes or affects the security or integrity of the assessment. This is because the adjustment is not 'reasonable'.

Special consideration

Special consideration is a post-examination adjustment to a student's mark or grade to reflect temporary injury, illness or other indisposition at the time of the examination/assessment, which has had, or is reasonably likely to have had, a material effect on a candidate's ability to take an assessment or demonstrate their level of attainment in an assessment.

Further information

Please see our website or email internationalenquiries@pearson.com for further information about how to apply for access arrangements and special consideration.

For further information about access arrangements, reasonable adjustments and special consideration please refer to the JCQ website: <https://www.jcq.org.uk/exams-office/access-arrangements-and-special-consideration>

Equality Act 2010 and Pearson equality policy

Equality and fairness are central to our work. Our equality policy requires all students to have equal opportunity to access our qualifications and assessments, and our qualifications to be awarded in a way that is fair to every student.

We are committed to making sure that:

- students with a protected characteristic (as defined by the Equality Act 2010) are not, when they are undertaking one of our qualifications, disadvantaged in comparison to students who do not share that characteristic
- all students achieve the recognition they deserve for undertaking a qualification and that this achievement can be compared fairly to the achievement of their peers.

You can find details on how to make adjustments for students with protected characteristics in the policy document *Access Arrangements, Reasonable Adjustments and Special Considerations*, which is on our website, qualifications.pearson.com/en/support/support-topics/exams/special-requirements.html

Malpractice

For up-to-date information on malpractice please refer to the latest Joint Council for Qualifications (JCQ) *Suspected Malpractice in Examinations and Assessments* document, available on the JCQ website: <http://www.jcq.org.uk/exams-office/malpractice/>

Candidate malpractice

Candidate malpractice refers to any act by a candidate that compromises or seeks to compromise the process of assessment or which undermines the integrity of the qualifications or the validity of results/certificates.

Candidate malpractice in examinations must be reported to Pearson using a JCQ M1 Form (available at www.jcq.org.uk/exams-office/malpractice). The form can be emailed to pqsmalpractice@pearson.com or posted to Investigations Team, Pearson, 190 High Holborn, London, WC1V 7BH. Please provide as much information and supporting documentation as possible. Note that the final decision regarding appropriate sanctions lies with Pearson.

Failure to report malpractice constitutes staff or centre malpractice.

Staff/centre malpractice

Staff and centre malpractice includes both deliberate malpractice and maladministration of our qualifications. As with candidate malpractice, staff and centre malpractice is any act that compromises or seeks to compromise the process of assessment or which undermines the integrity of the qualifications or the validity of results/certificates.

All cases of suspected staff malpractice and maladministration must be reported immediately, before any investigation is undertaken by the centre, to Pearson on a JCQ M2 (a) Form (available at www.jcq.org.uk/exams-office/malpractice). The form, supporting documentation and as much information as possible can be emailed to pqsmalpractice@pearson.com or posted to Investigations Team, Pearson, 190 High Holborn, London, WC1V 7BH. Note that the final decision regarding appropriate sanctions lies with Pearson.

Failure to report malpractice itself constitutes malpractice. More detailed guidance on malpractice can be found in the latest version of the document *JCQ General and Vocational Qualifications Suspected Malpractice in Examinations and Assessments*, available at www.jcq.org.uk/exams-office/malpractice

Language of assessment

Assessment of this specification will be in English only.
Assessment materials will be published in English only and all work submitted for examination must be in English only.

Other information

Total Qualification and Guided Learning Hours

For all regulated qualifications, we specify a total number of hours that learners are expected to undertake in order to complete and show achievement for the qualification – this is the Total Qualification Time (TQT). The TQT value indicates the size of a qualification.

Within the TQT, we identify the number of Guided Learning Hours (GLH) that a centre delivering the qualification needs to provide. Guided learning means activities that directly or immediately involve tutors and assessors in teaching, supervising, and invigilating learners, for example lectures, tutorials, online instruction and supervised study.

As well as guided learning, there may be other required learning that is directed by tutors or assessors. This includes, for example, private study, preparation for assessment and undertaking assessment when not under supervision, such as preparatory reading, revision and independent research.

TQT and guided learning hours are assigned after consultation with users of the qualifications.

This qualification has a TQT value of 150 and a GLH of 120.

Student recruitment

Pearson follows the JCQ policy concerning recruitment to our qualifications in that:

- they must be available to anyone who is capable of reaching the required standard
- they must be free from barriers that restrict access and progression
- equal opportunities exist for all students.

Prior learning and other requirements

There are no formal entry requirements for this qualification.

Students may be studying in a local language but the assessment will be in English. Pearson recommends students have B1 level of English on the Common European Framework of Reference (CEFR). This will support access to the assessment materials and be able to communicate responses effectively.

Progression

LCCI qualifications are designed to allow students to pursue different routes as outlined below.

Enter a chosen field of work, pursue a promotion, or change their field of work

The Pearson LCCI Level 1 Certificate in Bookkeeping supports progression to employment, for example into a bookkeeping role in a large company's finance department.

Using appropriate internal processes, centres must ensure that they choose the most appropriate qualification level for their students' needs.

Progress to further study, such as the next LCCI level or externally with a professional body or education provider

Students can progress to qualifications across the LCCI suites, such as the Pearson LCCI Level 2 Certificate in Bookkeeping and Accounting (VRQ). Please refer to the 'Exemptions' section of this specification for information on recognition from external providers.

Exemptions

We are continuously gaining new and updated exemptions for our LCCI qualifications from professional bodies and organisations. For the latest list of agreements, and to check this specific qualification, please visit the Pearson LCCI website: <https://qualifications.pearson.com/en/qualifications/lcci/progress-with-lcci.html>
