### **Level 3 Award in Preparing Financial Statements for a Sole Trader**

#### **Aims**

The aims of the qualification are to:

- develop candidates' knowledge and understanding of the principles of preparing financial statements for a Sole Trader
- enable candidates to record transactions and make accounting adjustments relevant to the accounts of a Sole Trader
- enable candidates to prepare financial statements (Trading, Profit and Loss Account and Balance Sheet) for a Sole Trader

This qualification is accredited in the UK as EDI Level 3 Award in Preparing Financial Statements for a Sole Trader (QCF) 501/1246/6. This qualification has a credit value of 9.

#### **Target Audience and Candidate Progression**

This qualification is suitable for people who already have basic book-keeping skills but wish to develop and evidence their knowledge and skills at a higher level. It is particularly suitable for candidates specialising in cost and management accounting but would like to develop skills in financial accounting to support and broaden their progression or to gain recognition in another role. It is also useful for people currently working in accounting in the Small and Medium Enterprise (SME) sector but without a recognised qualification or for people returning to work in this sector.

Candidates pursuing this qualification should have book-keeping and accounting knowledge equivalent to LCCI Level 1 Certificate in Book-keeping.

This qualification can be taken as a standalone qualification or as a part of the Level 3 Specialised Diploma in Managerial Accounting or the Level 3 Specialised Diploma in Cost Accounting.

#### **Level of English Required**

There are no formal entry requirements for this qualification. However, candidates should have a minimum level of English equivalent to the LCCI Level 2 English for Business or JETSET 4 - (Council of Europe B1/Threshold) to meet the communication requirements for this qualification.

## Structure of the qualification

The Level 3 Award in Preparing Financial Statements for a Sole Trader consists of the following three units:

- 1 Principles of Preparing Financial Statements for a Sole Trader
- 2 Record Transactions and Make Accounting Adjustments
- 3 Prepare Financial Statements for a Sole Trader

## Guided Learning Hours

EDI recommends that 60 Guided Learning Hours (GLHs) provide a suitable course duration for an 'average' candidate at this level. This figure includes direct contact hours as well as other time when candidates' work is being supervised by teachers. Ultimately, however, it is the responsibility of training centres to determine the appropriate course duration based on their candidates' ability and level of existing knowledge. EDI's experience indicates that the number of GLHs can vary significantly from one training centre to another.
