Introducing Pearson Edexcel NVQ qualifications

What are NVQ qualifications?

National Vocational Qualifications (NVQs) are work-based qualifications that give learners the opportunity to develop and demonstrate their competence in the area of work or job role to which the qualification relates.

NVQs are based on the National Occupational Standards (NOS) for the appropriate sector. NOS define what employees, or potential employees, must be able to do and know, and how well they should undertake work tasks and work roles. At Level 2 and above, these qualifications are recognised as the competence component of Apprenticeship Frameworks. Qualifications at Level 1 can be used in Traineeships, which are stepping-stones to Apprenticeship qualifications. NVQs qualifications can also be delivered as stand-alone for those who wish to take a work-based qualification.

NVQs qualifications are outcomes-based with no fixed learning programme – allowing flexible delivery that meets the individual learner’s needs. They are suitable for those in employment or those who are studying at college and have a part-time job or access to a substantial work placement so that they are able to demonstrate the competencies that are required for work.

Most learners will work towards their qualification in the workplace or in settings that replicate the working environment as specified in the assessment requirements/strategy for the sector. Colleges, training centres and/or employers can offer these qualifications provided they have access to appropriate physical and human resources.

Sizes of NVQ/Competence-based qualifications

For all regulated qualifications, Pearson specify a total number of hours that is estimated learners will require to complete and show achievement for the qualification – this is the Total Qualification Time (TQT). The TQT value indicates the size of a qualification. Within the TQT, Pearson identifies the number of Guided Learning Hours (GLH) that we estimate a centre delivering the qualification might provide. Guided learning means activities, such as lessons, tutorials, online instruction, supervised study and giving feedback on performance, that directly involve tutors and assessors in teaching, supervising and invigilating learners. Guided learning includes the time required for learners to complete external assessment under examination or supervised conditions. In addition to guided learning, other required learning directed by tutors or assessors will include private study, preparation for assessment and undertaking assessment when not under supervision, such as preparatory reading, revision and independent research. As well as TQT and GLH, qualifications can also have a credit value – equal to one tenth of TQT, rounded to the nearest whole number.

TQT and credit values are assigned after consultation with users of the qualifications. NVQ/Competence-based qualifications are available in the following sizes:

- Award – a qualification with a TQT value of 120 or less (equivalent to a range of 1–12 credits)
- Certificate – a qualification with a TQT value in the range of 121–369 (equivalent to a range of 13–36 credits)
- Diploma – a qualification with a TQT value of 370 or more (equivalent to 37 credits and above).

Qualification titles covered by this specification

This specification gives you the information you need to offer the Pearson Edexcel Level 2 NVQ Diploma in Food Service:

Qualification title	Qualification Number (QN)	Regulation start date
Pearson Edexcel Level 2 NVQ Diploma in Food Service	600/1728/4	01/06/11

Qualifications eligible and funded for post-16-year-olds can be found on the funding Hub. The Skills Funding Agency also publishes a funding catalogue that lists the qualifications available for 19+ funding.

You should use the Qualification Number (QN), when you wish to seek public funding for your learners. Each unit within a qualification will also have a unique reference number, which is listed in this specification.

The qualification title and unit reference numbers will appear on the learners' final certification document. Learners need to be made aware of this when they are recruited by the centre and registered with Pearson.

Key features of the Pearson Edexcel Level 2 NVQ Diploma in Food Service

This qualification:

- is nationally recognised
- is based on the Hospitality National Occupational Standards (NOS). The NOS, assessment requirements/strategy and qualification structures are owned by People 1st.

The Pearson Edexcel Level 2 NVQ Diploma in Food Service has been approved as a component required for the Hospitality Apprenticeship framework. However, it can only be taken with the Pearson Edexcel BTEC Level 2 Certificate in Hospitality and Catering Principles (Food Service) Technical Certificate, QN 600/0890/8. It can also be taken as a standalone qualification.

What is the purpose of this qualification?

This qualification is designed for learners employed in hospitality roles such as bar people/managers, conference and banqueting assistants/managers or waiters/waitresses, who need to develop or consolidate their skills. Learners are required to take mandatory units which cover aspects of maintaining a safe, hygienic and secure working environment, working effectively as part of a hospitality team, maintaining food safety and giving customers a positive impression of themselves and their organisation in a hospitality environment. Learners then have a choice of optional units covering food service. There is a wide range of optional units allowing learners to choose units to meet the needs of their own work role.

Who is this qualification for?

This qualification is for all learners aged 14 and above who are capable of reaching the required standards.

Pearson's policy is that the qualifications should:

- be free from any barriers that restrict access and progression
- ensure equality of opportunity for all wishing to access the qualifications.

These NVQs are applicable for people working, or wishing to work, in a wide range of hospitality and catering businesses, for example:

- fine dining restaurants
- quick service restaurants
- hotels
- bed and breakfasts

- youth hostels
- holiday parks
- contract caterers
- armed forces
- schools
- care homes.

What are the benefits of this qualification to the learner and employer?

This qualification is a work-based qualification which will allow learners to develop knowledge, understanding and skills essential for working in a food service environment, such as working with others and improving own performance.

What are the potential job roles for those working towards this qualification?

The National Occupational Standards cover a diverse range of job roles, for example:

- conference and banqueting assistant/manager
- waiter/waitress.

What progression opportunities are available to learners who achieve this qualification?

This qualification offers various opportunities for progression to further learning. Learners can progress to Pearson Edexcel Level 3 NVQ Diplomas in Hospitality Supervision and Leadership and Professional Cookery. Alternatively, learners can progress to the Pearson Edexcel BTEC Level 3 Nationals in Hospitality.

What is the qualification structure for the Pearson Edexcel Level 2 NVQ Diploma in Food Service?

Individual units can be found in the *Units* section. The level and credit value are given below.

The Total Qualification Time (TQT) for this qualification is 370.

The Guided Learning Hours for this qualification are 309.

To achieve the full Pearson Edexcel Level 2 NVQ Diploma in Food Service, learners must attain a minimum of 37 credits in total.

Learners must complete all mandatory units from Group A (15 credits), optional units from Group B1 (a minimum of 8 credits) and the remaining optional units from Group B1 or B2 (14 credits).

How is the qualification graded and assessed?

The overall grade for the qualification is a 'pass'. Learners must achieve all the required units within the specified qualification structure.

To pass a unit learners must:

- achieve **all** the specified learning outcomes
- satisfy **all** the assessment criteria by providing sufficient and valid evidence for each criterion
- show that the evidence is their own.

The qualifications are designed to be assessed:

- in the workplace or
- in conditions resembling the workplace, as specified in the assessment requirements/strategy for the sector, or
- as part of a training programme.

Assessment requirements/strategy

The assessment requirements/strategy for this qualification have been included in *Annexe C*. They have been developed by People 1st in partnership with employers, training providers, awarding organisations and the regulatory authorities. The assessment strategy includes details on:

- criteria for defining realistic working environments
- roles and occupational competence of assessors, expert witnesses, internal verifiers and standards verifiers
- quality control of assessment
- evidence requirements.

Evidence of competence may come from:

- **current practice** where evidence is generated from a current job role
- a **programme of development** where evidence comes from assessment opportunities built into a learning/training programme whether at or away from the workplace
- the **Recognition of Prior Learning (RPL)** where learners can demonstrate that they can meet the assessment criteria within a unit through knowledge, understanding or skills they already possess without undertaking a course of learning. They must submit sufficient, reliable and valid evidence for internal and standards verification purposes. RPL is acceptable for accrediting a unit, several units or a whole qualification
- a **combination** of these.

It is important that the evidence is:

Valid	relevant to the standards for which competence is claimed
Authentic	produced by the learner
Current	sufficiently recent to create confidence that the same skill, understanding or knowledge persists at the time of the claim
Reliable	indicates that the learner can consistently perform at this level
Sufficient	fully meets the requirements of the standards.

Types of evidence

To successfully achieve a unit the learner must gather evidence which shows that they have met the required standard in the assessment criteria. Evidence can take a variety of different forms including the examples below. Centres should refer to the assessment strategy for information about which of the following are permissible.

- direct observation of the learner's performance by their assessor (O)
- outcomes from oral or written questioning (Q&A)
- products of the learner's work (P)
- personal statements and/or reflective accounts (RA)
- outcomes from simulation, where permitted by the assessment strategy (S)
- professional discussion (PD)
- assignment, project/case studies (A)
- authentic statements/witness testimony (WT)
- expert witness testimony (EPW)
- evidence of Recognition of Prior Learning (RPL).

The abbreviations may be used for cross-referencing purposes.

Learners can use one piece of evidence to prove their knowledge, skills and understanding across different assessment criteria and/or across different units. It is, therefore, not necessary for learners to have each assessment criterion assessed separately. Learners should be encouraged to reference the assessment criteria to which the evidence relates.

Evidence must be made available to the assessor, internal verifier and Pearson standards verifier. A range of recording documents is available on the Pearson website qualifications.pearson.com. Alternatively, centres may develop their own.

What do you need to offer this qualification?

Centre recognition

Centres that have not previously offered Pearson qualifications need to apply for and be granted centre recognition as part of the process for approval to offer individual qualifications. New centres must complete both a centre recognition approval application and a qualification approval application.

Existing centres will be given 'automatic approval' for a new qualification if they are already approved for a qualification that is being replaced by the new qualification and the conditions for automatic approval are met. Centres already holding Pearson approval are able to gain qualification approval for a different level or different sector via Edexcel Online.

Approvals agreement

All centres are required to enter into an approvals agreement which is a formal commitment by the head or principal of a centre to meet all the requirements of the specification and any linked codes or regulations. Pearson will act to protect the integrity of the awarding of qualifications if centres do not comply with the agreement. This could result in the suspension of certification or withdrawal of approval.

Quality assurance

Detailed information on Pearson's quality assurance processes is given in *Annexe A*.

What resources are required to deliver this qualification?

This qualification is designed to support learners working in the hospitality industry. Physical resources need to support the delivery of the qualification and the assessment of the learning outcomes and must be of industry standard. Centres must meet any specific resource requirements outlined in *Annexe C: Assessment requirements/strategy*. Staff assessing learners must meet the requirements within the overarching assessment strategy for the sector.

Unit format

Each unit in this specification contains the following sections.

Unit title:					This is the formal title of the unit that will appear on the learners certificate
Unit reference number:					This code is a unique reference number for the unit.
Level:					All units and qualifications have a level assigned to them. The level assigned is informed by the level descriptors by Ofqual, the qualifications regulator.
Credit value:					All units have a credit value. The minimum credit value is one, and credits can only be awarded in whole numbers. Learners will be awarded credits when they achieve the unit.
Guided learning hours:					Guided Learning Hours (GLH) is the number of hours that a centre delivering the qualification needs to provide. Guided learning means activities that directly or immediately involve tutors and assessors in teaching, supervising, and invigilating learners, for example lectures, tutorials, online instruction and supervised study.
Unit summary:					This provides a summary of the purpose of the unit.
Assessment requirements/evidence requirements:					The assessment/evidence requirements are determined by the SSC. Learners must provide evidence for each of the requirements stated in this section.
Assessment methodology:					This provides a summary of the assessment methodology to be used for the unit.
Learning outcomes:	Assessment criteria:	Evidence type:	Portfolio reference:	Date:	
			The learner should use this box to indicate where the evidence can be obtained eg portfolio page number.	The learner should give the date when the evidence has been provided.	
Learning outcomes state exactly what a learner should know, understand or be able to do as a result of completing a unit.		The assessment criteria of a unit specify the standard a learner is expected to meet to demonstrate that a learning outcome, or a set of learning outcomes, has been achieved.		Learners must reference the type of evidence they have and where it is available for quality assurance purposes. The learner can enter the relevant key and a reference. Alternatively, the learner and/or centre can devise their own referencing system.	

Units

Unit 1: Maintenance of a Safe, Hygienic and Secure Working Environment

Unit reference number: F/601/4218

Assessment requirements/evidence requirements

Maintain personal health and hygiene

The assessor **must** assess assessment criteria 1.1 and 1.2 by directly observing the learner's work.

The assessor may assess assessment criteria 1.3, 1.4 and 1.5 through questioning or witness testimony if no naturally occurring evidence is available.

Maintain a hygienic, safe and secure workplace

The assessor **must** assess assessment criteria 3.1, 3.3, 3.4 and 3.5 by directly observing the learner's work.

The assessor may assess assessment criterion 3.2 through questioning, witness testimony or simulation if no naturally occurring evidence is available.

There must be performance evidence, gathered through observing the learner's work for:

- at least **one** from **hazards**
 - a) relating to equipment
 - b) relating to areas where you work
 - c) relating to personal clothing
- **none** from **ways of dealing with hazards**
 - a) putting them right yourself
 - b) reporting them to appropriate colleagues
 - c) warning other people
- at least **one** from **emergency procedures**
 - a) fire
 - b) threat
 - c) security.

Evidence for the remaining assessment criteria may be assessed through questioning, witness testimony or simulation.

Unit 2: Working Effectively as Part of a Hospitality Team

Unit reference number: T/601/4216

Level: 1

Credit value: 3

Guided learning hours: 22

Unit summary

This unit assesses learner's skills and knowledge when working as part of a team. Teams include line managers, supervisors as well as other people in the same team and those working at the same level. The unit includes planning and organising work, working effectively as part of a team and getting feedback from others to support his/her own learning and development.

Assessment methodology

This unit is assessed in the workplace or in conditions resembling the workplace. Learners can enter the types of evidence they are presenting for assessment and the submission date against each assessment criterion. Alternatively, centre documentation should be used to record this information.

Unit 3: Give Customers a Positive Impression of Yourself and Your Organisation

Unit reference number: L/601/0933

Level: 2

Credit value: 5

Guided learning hours: 33

Unit summary

Excellent customer service is provided by people who are good with people. The learner's behaviour affects the impression that customers have of the service they are receiving. This unit is about communicating with the customers and giving a positive impression whenever dealing with a customer. By doing this the learner can create a positive impression of the organisation and the customer service it provides. All of us enjoy the experience of good customer service if we feel that the person serving us really wants to create the right impression, responds to us and gives us good information. Every detail of the learners' behaviour counts when dealing with a customer.

Assessment methodology

This unit is assessed in the workplace or in conditions resembling the workplace. Learners can enter the types of evidence they are presenting for assessment and the submission date against each assessment criterion. Alternatively, centre documentation should be used to record this information.

Unit 4: Maintain Food Safety When Storing, Holding and Serving Food

Unit reference number: A/601/5030

Level: 2

Credit value: 4

Guided learning hours: 31

Unit summary

This unit reflects current food safety guidance in the UK and integrates the key themes of cleaning and preventing cross-contamination. It provides staff with the knowledge and skills of reviewing hazards and using hazard-based procedures such that they are part of a team maintaining food safety. This unit is appropriate to staff who store, hold and serve food. Separate units are available for those who cook and prepare food, and for managers and supervisors who have wider responsibilities for food safety in a catering operation.

Assessment methodology

This unit is assessed in the workplace or in conditions resembling the workplace. Learners can enter the types of evidence they are presenting for assessment and the submission date against each assessment criterion. Alternatively, centre documentation should be used to record this information.

There must be performance evidence, gathered through observing the learner's work for:

- **both** from **surfaces and equipment**
 - a) surfaces and utensils used for displaying and serving food
 - b) appropriate cleaning equipment.

Evidence for the remaining assessment criteria may be assessed through questioning or witness testimony.

Store food safely

The assessor **must** assess assessment criteria 6.1, 6.2, 6.3, 6.4, 6.5 and 6.6 by directly observing the learner's work.

The assessor may assess assessment criteria 6.7 and 6.8 through questioning or witness testimony if no naturally occurring evidence is available.

There must be performance evidence, gathered through observing the learner's work for:

- at least **one** from **storage areas**
 - a) ambient temperature
 - b) refrigerator
 - c) freezer.

Evidence for the remaining assessment criteria may be assessed through questioning or witness testimony.

Hold and serve food safely

The assessor **must** assess assessment criteria 8.1, 8.3 by directly observing the learner's work.

The assessor may assess assessment criteria 8.2 and 8.4 through questioning or witness testimony if no naturally occurring evidence is available.

There must be performance evidence, gathered through observing the learner's work for:

- at least **three** from **hazards**
 - a) sources of bacteria and other organisms
 - b) chemical
 - c) physical
 - d) allergenic.

Evidence for the remaining assessment criteria may be assessed through questioning or witness testimony.

Unit 5: Provide a Counter and Takeaway Service

Unit 15: Resolve Customer Service Problems

Unit reference number:	M/601/1511
Level:	2
Credit value:	6
Guided learning hours:	40

Unit summary

This unit is about what to do when it is difficult to meet customer expectations. Even if the service the learner gives is excellent, some customers experience problems. Part of the learner's job is to help to resolve those problems. There is likely to be a problem if customer expectations are not met. This may be because the customer's expectations involve more than the learner can offer or because service procedures have not been followed. Some problems are reported by customers and sometimes the learner will spot the problem first and resolve it before their customer has even noticed. As soon as the learner is aware of a problem, they need to consider the options and then choose a way to put it right. This unit is particularly important in customer service because many customers judge how good the customer service of the organisation is by the way problems are handled.

Assessment methodology

This unit is assessed in the workplace or in conditions resembling the workplace. Learners can enter the types of evidence they are presenting for assessment and the submission date against each assessment criterion. Alternatively, centre documentation should be used to record this information.

Learning outcomes and assessment criteria

Learning outcomes	Assessment criteria	Evidence type	Portfolio reference	Date
1 Spot customer service problems	1.1 Listen carefully to customers about any problem they have raised 1.2 Ask customers about the problem to check their understanding 1.3 Recognise repeated problems and alert the appropriate authority 1.4 Share customer feedback with others to identify potential problems before they happen 1.5 Identify problems with systems and procedures before they begin to affect customers			
2 Pick the best solution to resolve customer service problems	2.1 Identify the options for resolving a customer service problem 2.2 Work with others to identify and confirm the options to resolve a customer service problem 2.3 Work out the advantages and disadvantages of each option for their customer and the organisation 2.4 Pick the best option for their customer and the organisation 2.5 Identify for their customer other ways that problems may be resolved if they are unable to help			

Learning outcomes	Assessment criteria	Evidence type	Portfolio reference	Date
3 Take action to resolve customer service problems	3.1 Discuss and agree the options for solving the problem with their customer 3.2 Take action to implement the option agreed with their customer 3.3 Work with others and their customer to make sure that any promises related to solving the problem are kept 3.4 Keep their customer fully informed about what is happening to resolve the problem 3.5 Check with their customer to make sure the problem has been resolved to the customer's satisfaction 3.6 Give clear reasons to their customer when the problem has not been resolved to the customer's satisfaction			

Learning outcomes	Assessment criteria	Evidence type	Portfolio reference	Date
4 Know how to resolve customer service problems	4.1 Describe organisational procedures and systems for dealing with customer service problems 4.2 Explain how to defuse potentially stressful situations 4.3 Describe how to negotiate 4.4 Identify the limitations of what they can offer their customer 4.5 Describe types of action that may make a customer problem worse and should be avoided

Unit 16: Promote Additional Services or Products to Customers

Unit reference number: D/601/0936

Level: 2

Credit value: 6

Guided learning hours: 40

Unit summary

Services or products are continually changing in organisations to keep up with customers' expectations. By offering new or improved services or products the organisation can increase customer satisfaction. Many organisations must promote these to be able to survive in a competitive world. However, it is equally important for organisations that are not in competition with others to encourage their customers to try new services or products. This unit is about the learners' need to keep pace with new developments and to encourage customers to take an interest in them. Customers expect more and more services or products to be offered to meet their own growing expectations. They need to be made aware of what is available from the organisation. Because of this everybody offering services or products needs to play a part in making customers aware of what is available. Learners should not choose this unit if their organisation does not want them to suggest additional services or products to customers.

Assessment methodology

This unit is assessed in the workplace or in conditions resembling the workplace. Learners can enter the types of evidence they are presenting for assessment and the submission date against each assessment criterion. Alternatively, centre documentation should be used to record this information.

Learning outcomes and assessment criteria

Unit 17: Deal With Customers Across a Language Divide

Unit reference number: A/601/1219

Level: 2

Credit value: 8

Guided learning hours: 53

Unit summary

Customer service is frequently delivered across a language divide. Customer service centres may be located in one country but deal mainly with another. In a multi-cultural society many customers may have a different first language from those delivering customer service to them. This language divide can present a real challenge to those who deliver customer service. This unit is about preparing to deliver customer service across a language divide and seeing through that delivery. The unit covers the steps that are needed to deal with customers with different language preferences without having full access to the customer's first language. The learner should choose this unit if they frequently deal across a language divide. The learner should not choose this unit if they come across customers who do not share their first language only occasionally.

Assessment methodology

This unit is assessed in the workplace or in conditions resembling the workplace. Learners can enter the types of evidence they are presenting for assessment and the submission date against each assessment criterion. Alternatively, centre documentation should be used to record this information.

Unit 18: Maintain Customer Service Through Effective Handover

Unit reference number:	Y/601/1227
Level:	2
Credit value:	4
Guided learning hours:	27

Unit summary

Customer service delivery in a team involves many situations when the learner is unable to see actions through and they pass on responsibility to a colleague. This sharing of responsibility should be organised and follow a recognised pattern. Most of all, the learner needs to be sure that, when responsibility is passed on, the actions are seen through. This involves routinely checking with their colleagues that customer service actions have been completed. This unit is for a learner whose job involves service delivery as part of a team and who regularly passes on responsibility for completion of a customer service action to a colleague.

Assessment methodology

This unit is assessed in the workplace or in conditions resembling the workplace. Learners can enter the types of evidence they are presenting for assessment and the submission date against each assessment criterion. Alternatively, centre documentation should be used to record this information.

Learning outcomes and assessment criteria

Professional development and training

Pearson supports UK and international customers with training related to NVQ and BTEC qualifications. This support is available through a choice of training options offered in our published training directory or through customised training at your centre.

The support we offer focuses on a range of issues including:

- planning for the delivery of a new programme
- planning for assessment and grading
- developing effective assignments
- building your team and teamwork skills
- developing student-centred learning and teaching approaches
- building functional skills into your programme
- building effective and efficient quality assurance systems.

The national programme of training we offer can be viewed on our website (qualifications.pearson.com). You can request customised training through the website or by contacting one of our advisers in the Training from the Pearson team via Customer Services to discuss your training needs.

The training we provide:

- is active
- is designed to be supportive and thought-provoking
- builds on best practice
- may be suitable for those seeking evidence for their continuing professional development.

Annexe A: Quality assurance

Key principles of quality assurance

- A centre delivering Pearson qualifications must be an Pearson recognised centre and must have approval for qualifications that it is offering.
- The centre agrees, as part of gaining recognition, to abide by specific terms and conditions around the effective delivery and quality assurance of assessment; the centre must abide by these conditions throughout the period of delivery.
- Pearson makes available to approved centres a range of materials and opportunities to exemplify the processes required for effective assessment and provide examples of effective standards. Approved centres must use the guidance on assessment to ensure that staff who are delivering Pearson qualifications are applying consistent standards.
- An approved centre must follow agreed protocols for: standardisation of assessors; planning, monitoring and recording of assessment processes; internal verification and recording of internal verification processes; and for dealing with special circumstances, appeals and malpractice.

Quality assurance processes

The approach to quality assured assessment is made through a partnership between a recognised centre and Pearson. Pearson is committed to ensuring that it follows best practice and employs appropriate technology to support quality assurance process where practicable. Therefore, the specific arrangements for working with centres will vary. Pearson seeks to ensure that the quality assurance processes that it uses do not place undue bureaucratic processes on centres, and works to support centres in providing robust quality assurance processes.

The learning outcomes and assessment criteria in each unit within this specification set out the standard to be achieved by each learner in order to gain each qualification. Pearson operates a quality assurance process, which is designed to ensure that these standards are maintained by all assessors and verifiers.

For the purposes of quality assurance, all individual qualifications and units are considered as a whole. Centres offering these qualifications must be committed to ensuring the quality of the units and qualifications they offer, through effective standardisation of assessors and internal verification of assessor decisions. Centre quality assurance and assessment processes are monitored by Pearson.

The Pearson quality assurance processes will involve:

- gaining centre recognition and qualification approval if a centre is not currently approved to offer Pearson qualifications
- annual visits to centres by Pearson for quality review and development of overarching processes and quality standards. Quality review and development visits will be conducted by an Pearson quality development reviewer
- annual visits by occupationally competent and qualified Pearson Standards Verifiers for sampling of internal verification and assessor decisions for the occupational sector
- the provision of support, advice and guidance towards the achievement of National Occupational Standards.

Centres are required to declare their commitment to ensuring quality and appropriate opportunities for learners that lead to valid and accurate assessment outcomes. In addition, centres will commit to undertaking defined training and online standardisation activities.

Annexe B: Centre certification and registration

Pearson Standards Verifiers will provide support, advice and guidance to centres to achieve Direct Claims Status (DCS). Pearson will maintain the integrity of Pearson NVQs through ensuring that the awarding of these qualifications is secure. Where there are quality issues identified in the delivery of programmes, Pearson will exercise the right to:

- direct centres to take actions
- limit or suspend certification
- suspend registration.

The approach of Pearson in such circumstances is to work with the centre to overcome the problems identified. If additional training is required, Pearson will aim to secure the appropriate expertise to provide this.

What are the access arrangements and special considerations for the qualifications in this specification?

Centres are required to recruit learners to Pearson qualifications with integrity.

Appropriate steps should be taken to assess each applicant's potential and a professional judgement made about their ability to successfully complete the programme of study and achieve the qualification. This assessment will need to take account of the support available to the learner within the centre during their programme of study and any specific support that might be necessary to allow the learner to access the assessment for the qualification. Centres should consult Pearson's policy on learners with particular requirements.

Pearson's policy on access arrangements and special considerations for Pearson qualifications aims to enhance access to the qualifications for learners with disabilities and other difficulties (as defined by the 2010 Equality Act) without compromising the assessment of skills, knowledge, understanding or competence. Please refer to *Access Arrangements and Special Considerations for BTEC and Pearson Edexcel NVQ Qualifications* for further details. qualifications.pearson.com.

Annexe C: Assessment requirements/strategy

Hospitality, Leisure, Travel and Tourism Sector Assessment Strategy for competence based units of assessment and qualifications (in England, Wales and Northern Ireland) and Scottish Vocational Qualifications (SVQs)

1 Introduction

The sector assessment strategy applies to all competence based units and qualifications that sit within the industries represented by People 1st. Competence based units and qualifications are those that are accredited to the Qualifications and Credit Framework, for England, Wales and Northern Ireland, which include National Vocational Qualifications (NVQs). In Scotland it applies to all sector Scottish Vocational Qualifications (SVQs). The sector assessment strategy comes into force on the 1st August 2009 and will apply to any new competence based units and qualifications. It will also replace other assessment strategies, currently used for existing NVQs and SVQs, as and when they are updated and re-accredited. See www.people1st.co.uk for a list of all competence based units and qualification that are covered by the sector assessment strategy.

There are four components to the sector assessment strategy which set out requirements and guidance relating to:

- external quality control
- assessment principles
- occupational expertise of assessors and verifiers
- continuous professional development.

The purpose of the sector assessment strategy is for People 1st and awarding organisations/bodies to work in partnership to:

- maximise the quality assurance arrangements for the sector's competence based units and qualifications and maintain standardisation across assessment practice
- assure employers and learners that the sector's competence based units and qualification are consistently assessed to the national occupational standards, and
- promote continuous professional development amongst assessors and verifiers.

The content of the assessment strategy has been reviewed in close consultation with employers, awarding organisations/bodies, training providers and other sector stakeholders. While many of these stakeholders have an interest in the assessment strategy, its primary audience are awarding organisations/bodies that offer competence based units and qualifications in the hospitality, leisure, travel and tourism industries. Prospective or approved centres should not need to work directly with this document as its requirements will be incorporated within the procedures of their chosen awarding organisation/body.

The strategy should be used alongside the assessment and quality assurance guidance published by the regulatory authorities. Further information about competence based units and qualifications can be found at www.people1st.co.uk. Feedback or comments on the sector assessment strategy can be emailed to qualifications@people1st.co.uk.

2 External Quality Control

2.1 Risk Assessment and Management of Centres

External quality control is achieved through rigorous monitoring and standardisation of assessment decisions. Awarding organisations/bodies achieve this by operating their existing systems for quality monitoring, risk assessment and management of their approved centres, following guidance issued by the regulatory authorities.

As part of this process People 1st requires awarding organisations/bodies to:

- ensure that external verification, monitoring and support provided to centres takes into account their level of risk. For example new assessment centres, and those that are experiencing difficulty in meeting the assessment requirements, should be given additional support by their awarding organisation/body
- supply People 1st with standardised information on their statistical monitoring, including registration and certification figures, on a quarterly basis. This data will remain confidential and no individual awarding organisation's/body's data will be published
- report annually on the outcomes of, and any issues arising from, external verification and quality control arrangements
- highlight specific issues relating to the assessment of the sector's competence based units and qualifications that require immediate attention, as and when they arise
- contribute to the awarding organisations'/bodies' forums to review and discuss matters relating to the assessment of the sector's competence based units and qualifications. The forum will meet at least biannually, or during key stages of projects and reviews
- resolve issues relating to the assessment and verification of the sector's competence based units and qualifications with the action(s), and in the timeframe, agreed.

3 Assessment

People 1st advocate the integration of national occupational standards within employers' organisations in order to achieve a national level of competence across the sector's labour market. As such, assessment of the sector's competence based units and qualifications will, ideally, take place within the workplace and assessment should, where possible, be conducted by the learner's supervisors and/or line managers. People 1st recognise, however, that it is not always feasible for learners to be assessed in the workplace and as such it permits the use of assessment within Realistic Working Environments (RWE). Additionally, where sector employers do not have the infrastructure to manage assessment independently, it values the role of peripatetic assessors to support the assessment process.

Within these parameters, People 1st expects that:

- the majority of assessment of the sector's competence based units and qualifications will be based on **performance evidence**, ie direct observation, outputs of work and witness testimony within the workplace or an RWE approved by an awarding organisation/body, (see section 3.4).
- opportunities to ascertain learner's **accreditation of prior learning** is maximised by early contact between the assessor and learner and during initial assessment/induction period.

Please note: External tests do not form part of People 1st's assessment strategy, other than linkage to IATA approved tests in Unit TT27, Sell Multi-Sector Air Travel, part of the Travel S/NVQ (where it may be a specific requirement and therefore applicable in that instance).

3.1 Witness Testimony

People 1st recognise the use of **witness testimony** and **expert witness testimony** as appropriate methods for assessors to collect evidence on learners' performance.

Witness testimonies can be obtained from people that are occupationally competent and whom may be familiar with the national occupational standards, such as the learner's line manager. They may also be obtained from people who are not occupationally competent, and do not have a knowledge of the national occupational standards, such as other people within the learner's workplace, customers and suppliers. The assessor must judge the validity of the witness testimony and these may vary depending on the source. Witness testimonies can only support the assessment process and may remove or reduce the need to collect supplementary evidence, however, the awarding organisation's/body's minimum observations requirements must be met.

Expert witnesses may be used where additional support relating to the assessment of technical competence is required. Expert witnesses may be:

- other approved assessors that are recognised to assess the relevant national occupational standards, or
- line managers, other managers or experienced colleagues that are not approved assessors, but whom the awarding organisation/body agrees has current occupational competence, knowledge and expertise to make a judgement on a learner's competence.

Expert witnesses must be able to demonstrate through relevant qualifications, practical experience and knowledge that they are qualified to provide an expert opinion on a learner's performance in relation to the unit being assessed. People 1st believe that it is unlikely for an expert witness to be fully expert within any of the sector's occupational areas in less than twelve months to two years. The final judgement on the validity of the expert witness testimony rests with the assessor and such testimonies may only be used in line with awarding organisation's/body's requirements.

3.2 Professional Discussion

Professional discussion is encouraged as a supplementary form of evidence to confirm a learner's competence. Such discussions should not be based on a prescribed list of questions but be a structured discussion which enables the assessor to gather relevant evidence to ensure the learner has a firm understanding of the standard being assessed.

3.3 Simulation

Simulation can only be used to assess learners for the sector's competence based units and qualifications where the opportunity to assess naturally occurring evidence is unlikely or not possible, for example assessment relating to health and safety, fire and emergency procedures. It should not include routine activities that must be covered by performance evidence.

There are no People 1st units that can be solely achieved by simulation. In the case of imported units, where simulation is acceptable in the evidence requirements, it should only be used when performance evidence is unlikely to be generated through normal working practices.

See **Appendix A** for competence based units which permit the use of simulation.

Awarding organisations/bodies must issue adequate guidance which informs centres how simulation should be planned and organised, ensuring that demands on learners are neither more nor less than they would encounter in a real work situation. In particular:

- a centre's overall strategy for simulation must be examined and approved by the external verifier
- all simulations must be planned, developed and documented by the centre in a way that ensures the simulation correctly reflects what the unit seeks to assess
- ideally, there should be a range of simulations to cover the same aspect of the standard
- the physical environment for the simulation, and the nature of the contingency, must be realistic
- learners should carry out the simulation in a professional manner
- the learner should be given no indication as to what the simulation will present.

3.4 Realistic Working Environment

Assessment of the sector's competence based units and qualifications should ideally be carried out within the workplace, however, where this is not possible learners can be assessed within an approved Realistic Working Environment (RWE) that replicates a real work setting. The criteria for RWE currently operated in the sector can be found at **Appendix B**.

4 Occupational expertise of assessors and verifiers

The requirements relating to the occupational expertise of assessors and verifiers is set out in **Appendix C**. Guidance on additional qualifications and/or training relevant to assessors and verifiers can be found in **Appendix D**.

4.1 Using employers' in-house training programmes to assess competence based units and qualifications (please note this section is not applicable for centres which are either colleges or training providers)

- (a) People 1st recognises that employers within the Sector provide robust in-house training, development and assessment programmes which meet the standards for Assessors and Verifiers. Where an employer maps its in-house training, development and assessment programme to the Assessor and Verifier standards and has this approved by their awarding organisation/body, People 1st fully supports the removal of the need to achieve the Assessor and Verifier Units. The individual assessing and verifying the qualifications must still meet the other mandatory requirements for occupational competence as specified in **Appendix C**.

(b) It should also be noted that People 1st encourages employers and awarding organisations/bodies to examine in-house employer training, development and assessment programmes to see whether these provide robust evidence against the relevant competence based units and/or qualifications (England, Wales and Northern Ireland) or the SVQs (Scotland). Where a direct mapping of the in-house training, development and assessment programme can be made to the:

- relevant Units (based on the National Occupational Standards), and assessment meets the requirements of the assessment strategy and awarding organisation/body evidence requirement,

then awarding organisations/bodies should recognise this training for the purposes of achievement of the specified qualification or Unit.

In both instances specified in (a) and (b) above the awarding organisation/body will be required to ensure that a copy of the mapping is available to the Qualification Regulators.

5 Continuous Professional Development

To maintain high standards of quality and standardisation within assessment, and achieve best practice People 1st require all external verifiers, internal verifiers and assessors to maintain a record of their continuous professional development – see guidance at **Appendix E**.

Appendix A

Competence-based units in Hospitality, Leisure, Travel and Tourism that permit simulation

Unit number	Unit title	Competence based qualifications that the unit is used in
1GEN1	Maintain a safe, hygienic and secure working environment	Level 1 and 2 NVQ/SVQ Hospitality and Catering
HSL4	Maintain the health, hygiene, safety and security of the working environment	Level 3 Diploma in Hospitality Supervision and Leadership Skills (NVQ) and Level 3 SVQ in Hospitality Supervision and Leadership
GS3009	Maintain the health, hygiene, safety and security of the working environment (adapted from HS4)	Level 3 NVQ Gambling Operations
<p>People 1st has a special dispensation for the imported Customer Service units listed below to be assessed in a Realistic Working Environment (RWE) conforming to People 1st's criteria specified in Appendix B of this Assessment Strategy. This would only apply to these Units when delivered as part of the L3 Diploma in Hospitality Supervision and Leadership (NVQ) and L3 Hospitality Supervision and Leadership SVQ.</p>		
CfA Unit 26	Improve the customer relationship	Level 3 Diploma in Hospitality Supervision and Leadership Skills (NVQ) and Level 3 SVQ in Hospitality Supervision and Leadership
CfA Unit 32	Monitor and solve customer service problems	Level 3 Diploma in Hospitality Supervision and Leadership Skills (NVQ) and Level 3 SVQ in Hospitality Supervision and Leadership
CfA Unit 42	Lead a team to improve customer service	Level 3 Diploma in Hospitality Supervision and Leadership Skills (NVQ) and Level 3 SVQ in Hospitality Supervision and Leadership

People 1st does not permit the use of simulation, other than as listed below:

The overarching principle to be applied to units identified as suitable for simulation is that it should only be undertaken in a minority of cases where:

- there is a high risk to the security or safety of the learner, individuals, key people in their lives and others
- the opportunity to present evidence from work-based practice happens infrequently and therefore insisting that learners wait for such an occurrence would be unreasonable or create blockages in the assessment system and might carry the risk of de-motivating learners
- there would otherwise be a breach of confidentiality or privacy.

The following two units are the only accepted Realistic Working Environments, and no other Realistic Working Environments will be accepted.

TT09	Assist with travel and tourism problems and emergencies	Level 2 NVQ/SVQ in Travel Services and Level 2 NVQ/SVQ in Tourism Services
TT37	Deal with travel and tourism problems and emergencies	Level 3 NVQ/SVQ in Travel Services and Level 3 NVQ/SVQ in Tourism Services

Appendix B

Criteria for Realistic Working Environments

It is essential for organisations operating a Realistic Working Environment (RWE) to ensure it reflects current and real work settings. By doing so, sector employers can be confident that competence achieved in an RWE will be continued into employment. RWEs can offer many opportunities to employers and individuals that have limited access to assessment.

The number of hours learners work and their input is not prescribed, as it is acknowledged that RWEs cannot operate without some flexibility. However, centres must provide evidence that the following criteria are being met as well as fulfilling the awarding organisation's/body's criteria for this purpose. EVs are expected to ensure RWEs meet the criteria set out below on at least one visit.

Hospitality		
1	The work situation being represented is relevant to the competence based units and qualifications being assessed	<ul style="list-style-type: none"> The type of work situation being represented mirrors the relevant setting eg quick service takeaway, restaurant, brasserie, café/snack bar, cafeteria, housekeeping department, front office, reception or reservations. Appropriate industrial equipment, furnishings and resources (eg ingredients and technology) that replicate the work situation are used, ensuring that assessment requirements can be covered. Industry trends are considered in the product and service offer.
2	The learner's work activities reflect those found in the situation being represented	<ul style="list-style-type: none"> Learners operate in a professional capacity with corresponding job schedules and/or descriptions. Learners are clear on their work activities and responsibilities.
3	The RWE is operated in the same manner as a real work situation	<ul style="list-style-type: none"> Customers are not prompted to behave in a particular manner. Customer feedback is maintained and acted upon.

4	The RWE is underpinned by commercial principles and responsibilities	<ul style="list-style-type: none"> Organisational charts indicate the anticipated job roles in the RWE and their hierarchical structure taking into account supervisory requirements. There is evidence of business planning, for example product/service plans, staffing/rotas, costing, promotions. Learners are encouraged to carry out their function in line with business expectations, eg within timescales and budget, minimising wastage. Legislative regulations are adhered to eg food safety, health and safety, equal opportunities, trade description. Consumer information is provided on products and services eg allergy advice on food products.
Gambling

Appendix C

Occupational Expertise of Assessors and Verifiers

The requirements set out below relate to all assessors and verifiers. The only exception may relate to in-house employees and managers that are not required to achieve the regulatory approved assessor and verified units based on the arrangement referred to in section 4.1 of this assessment strategy.

3 = mandatory

Assessors, Internal Verifiers and External Verifiers must:	A	IV	EV
Have a good knowledge and understanding of the national occupational standard and competence based units and qualifications that are being assessed or verified.	✓	✓	✓
Hold or be working towards relevant assessment and/or verification qualification(s) as specified by the appropriate authority, confirming their competence to assess or externally verify competence based units and qualifications. These should be achieved within 18 months of commencing their role. These are as follows:			
D35 or V2.			✓
D34 or V1 – In the case that the IV is working towards their V1 unit, a representative sample of verification decisions, as agreed with the awarding organisation/body, must be counter-signed by a colleague who has achieved either the D34 or V1 unit. This colleague must have the same occupational expertise.		✓	
D32/D33 or A1/A2 – In the case that the assessor is working towards the A1/A2 units, a representative sample of assessment decisions, as agreed with the awarding organisation/body, must be counter-signed by a colleague who has achieved either the D32/D33 or A1/A2 units. This colleague must have the same occupational expertise.	✓		
Have relevant occupational expertise and knowledge, at the appropriate level of the occupational area(s) they are assessing and verifying, which has been gained through 'hands on' experience in the industry.	✓	✓	✓
Adhere to the awarding organisation's/body's assessment requirements and practise standardised assessment principles.	✓	✓	✓
Have sufficient resources to carry out the role of assessor or verifier, ie time and budget.	✓	✓	

Appendix C (Continued)

Assessors, Internal Verifiers and External Verifiers must:	A	IV	EV
Have supervisory/management, interpersonal and investigative skills, including the ability to analyse information, hold meetings, guide, advise, plan and make recommendations at all levels, taking into account the nature and size of the organisation in which assessment is taking place. High standards of administration and record keeping are also essential.		✓	✓
Hold qualifications, or have undertaken training, that have legislative relevance to the competence based units and qualifications being assessed (see Appendix D).	✓	Good practice	Good Practice
Update their occupational expertise and industry knowledge in the areas being assessed and verified through planned Continuous Professional Development (see Appendix E).	✓	✓	✓

Appendix D

Qualifications and Training relevant to Assessors and Verifiers

The following sets out areas in which assessors, verifiers and external verifiers should either receive training or achieve qualifications. People 1st is **not** stipulating that assessors, verifiers or external verifiers must achieve specific qualifications, there is the option to either undertake appropriate training or an accredited qualification.

3 = **mandatory**

Qualification/Training	Competence based unit/qualification	A	IV	EV
Health and Safety	All sector units and qualifications	✓	Good Practice	Good Practice
Food Safety	Food Processing and Cooking	✓	Good Practice	Good Practice
	Multi-skilled Hospitality Services	✓		
	Professional Cookery	✓		
	Food and Drink Service	✓		
	Hospitality Supervision and Leadership <i>with food and drink units</i>	✓		
Licensing	Food and Drink Service	✓	Good Practice	
	Hospitality Supervision <i>with food and drink units</i>			

Appendix E

Continuous Professional Development for Assessors and Verifiers

It is necessary for assessors and verifiers to maintain a record of evidence of their continuous professional development (CPD). This is necessary to maintain currency of skills and understanding of the occupational area(s) being assessed, and can be achieved in a variety of ways. It should be a planned process, reviewed on an annual basis, for example as part of an individual's performance review.

Assessors and verifiers should select CPD methods that are appropriate to meeting their development needs. The following provides an example of a variety of methods that can be utilised for CPD purposes.

Updating occupational expertise	<ul style="list-style-type: none">• Internal and external work placements• Work experience and shadowing (eg within associated departments)• External visits to other organisations• Updated and new training and qualifications (www.uksp.co.uk)• Training sessions to update skills• Visits to educational establishments• Trade fairs
Keeping up to date with sector developments and new legislation	<ul style="list-style-type: none">• Relevant sector websites• Membership of professional bodies• Papers and documents on legislative change• Networking events• Seminars, conferences, workshops, membership of committees/working parties (eg People 1st events)• Staff development days
Standardising and best practice in assessment	<ul style="list-style-type: none">• Regular standardisation meetings with colleagues• Sharing best practice through internal meetings, news letters, email circulars• Comparison of assessment and verification in other sectors• Attending awarding organisation/body meetings/seminars
