

09 September 2013

Dear Anne

As the Professional Body in the sector we would like to offer our support to Pearson for the following qualifications as meeting our needs and expectations for learners in the 16-19 age range:

Qualification Accreditation Number (QAN)	Qualification Title
600/3264/9	Pearson Edexcel Level 3 Diploma in Playwork (NVQ) (QCF)

The content within these qualifications prepares the learners for a career in this sector by providing a substantial number of units which represent the core competencies of the role alongside a range of options.

The qualifications develop the skills needed in the workplace and we support them for inclusion in the school and college performance tables for 16-19 year olds.

We are happy for our Professional Body name and website to be made available on the DfE and Pearson website to confirm our support for the qualifications.

Yours sincerely

Lesli Godfrey
UK Strategic Lead for Playwork and the Children's Workforce
