## A Level Maths - update

Monday 25 June 2018

Dear Colleague

I am the Assessment Director at Pearson and I am contacting you as you may be aware of some press coverage over the weekend concerning the security of our A Level Maths examination materials.

We recognise that this is a stressful time for candidates but want to reassure those taking exams that we have taken swift action to protect the security of the remaining papers and their exams this week will continue as planned.

I know that the vast majority of students have taken their examinations in good faith and may be concerned about the potential impact that a security breach might have on the grade boundaries. I would like to reassure you and them that this incident will not affect them.

Should you have any questions or would like to discuss this in person, please do not hesitate to contact me at [assessmentfeedback@pearson.com](mailto:assessmentfeedback@pearson.com).

Kind regards

**Hayley Read**
