Unit P301

Proposed project title Can the Organic Farming Business Be our Future?

Section One: Title, objective, responsibilities

Title or working title of project (in the form of a question, commission or design brief)

Can the organic farming business be our future?

Project objectives (eg, what is the question you want to answer? What do you want to learn how to do? What do you want to find out?):

I want to find out what organic farming is

I want to research how reliable organic farming is

I want to explore whether or not becoming more environmentally friendly helps or hinders a business (some parts of opportunity cost)

I want to learn how business can link to the geography of our earth

If it is a group project, what will your responsibilities be? Not a group project

Section Two: Reasons for choosing this project

Reasons for choosing the project (eg, links to other subjects you are studying, personal interest, future plans, knowledge/skills you want to improve, why the topic is important):

I chose this project because of the new GCSE subject I am studying which is business. This question will fully help me to understand how businesses affect the environment and if what they are doing is truly helping the environment. I will be zooming in on the agricultural sector of business in my HPQ. This will help improve my knowledge of how certain business sectors think about helping the environment versus how much they make.

I also chose to go into the agricultural industry due to the many previous smaller powerpoints and projects I did in my previous years of high school, in science which were mainly based on environmental change and how farming and land are affected by it. I was inspired to research into this sector due to it giving me a new point of view on business and organic food

Section Three: Activities and timescales	
<p>Activities to be carried out during the project (eg, research, development and analysis of ideas, writing, data collection, numerical analysis, rehearsal techniques, production meetings, production of final outcome, administration, evaluation, preparing for the presentation, etc):</p> <p>Title research:</p> <ul style="list-style-type: none"> - I will need to do source resources to make sure I am able to form a question that is properly structured and connected to the environment - I would go online and to my local libraries and visit the school business library for textbooks of some sort <p>Research:</p> <ul style="list-style-type: none"> - I will do reading around my topic and write up key notes I need to help find the answer to my question - I would also have to make a bibliography of all my sources so it is easier to find when I need to link one <p>Debates:</p> <ul style="list-style-type: none"> - I will need to set out a time to properly look over my notes of the different views on my topic so I can create an argument, for and against <p>Extra:</p> <ul style="list-style-type: none"> - Writing my introduction and conclusion <p>Editing :</p> <ul style="list-style-type: none"> - I would have to go over my project and make cuts or add things in where it is needed <p>Slideshow:</p> <ul style="list-style-type: none"> - I will perfect this, plan and rehearse for my oral presentation 	<p>How long this will take:</p> <p>5 days</p> <p>3 weeks</p> <p>2 weeks</p> <p>1 week</p> <p>5 days</p> <p>1 week</p>
<p>Milestone one: Finish my research section and plan vaguely my debates</p> <p>Target date (set by tutor-assessor):</p> <p>Milestone two: Finish debates, extra and editing</p> <p>Target date (set by tutor-assessor):</p>	
Section Four: Resources	

What resources will you need for your research, write up and presentation (eg, libraries, books, journals, equipment, rehearsal space, technology and equipment, venue, physical resources, finance):

I will be using my school library and other local libraries

I will be using my on going business GCSE

I will try find journals or certified websites to help my understand a business environment status

What your areas of research will cover?

I will be exploring how organic farming helps the environment

I will be looking at certain organic farming companies and how they help the environment and if it is fully sustainable

Pearson Edexcel Projects Qualification - Project Proposal Form Issue 2 - December 2020

Comments and agreement from tutor-assessor

Is the learner taking this project as part of the Diploma? Yes/No If yes, which Diploma are they taking? _____ No _____ Comments (optional):

Is project derived from work which has been/will be submitted for another qualification? Yes/No

Which qualification (title and unit)? _____ No _____

Comments (optional):

I confirm that the project is not work which has been or will be submitted for another qualification and is appropriate.

Agreed: (name) (date) Sam Snowden

Comments and agreement from project proposal checker

Comments (optional): This project proposal is clear and systematically planned

I confirm that the project is appropriate.
