

POP Offline User Guide

Edexcel Online

PIN Creation

Section Overview

Creating a '**PIN**' should be the first action you take if you are using the Offline Platform for the first time.

There are rules around the '**PIN**' as follows:

1. You only need to generate your PIN once and this will allow you to control all of your tests.

(You are able to generate a new PIN but we would only expect you to do this should your PIN be compromised, i.e a learner has seen your PIN and you need to change it for security).

2. Your PIN is unique to you and your login.

1

PIN Creation

This part of the guide focuses on how to generate the PIN you will need to control the **'Pearson Offline Platform (POP)'**. The PIN will be needed by test invigilators to access the Offline Platform and its features.

Step 1

Log into the **'POP Assessor Dashboard (PAD)'** following [this link](#). Hover the mouse cursor over the drop-down on the top right hand side of the screen to access the menu.

PAD web address: <https://btecng.pearson.com/PQS.Web.CCPD/>

Step 2

Select **'Generate PIN'** from the drop-down menu.

Step 3

Click on **'Generate PIN'**. Your new PIN will appear on the bottom. If your PIN is compromised, you can generate a new one by clicking **'Generate PIN'** again.

Important: Please note that if you generate a new PIN, all your previously downloaded tests will need to be re-downloaded.

PAD Overview

Section Overview

This section guides you through the '**POP Assessor Dashboard (PAD)**' and the process for managing your tests.

You will have an option to launch or download your tests and mark candidates absent. The PAD comes with a simple search filter to easily locate your tests.

PAD Overview

This part of the guide explains how to manage your test bookings in the 'POP Assessor Dashboard'.

To access your booked tests, navigate to <https://btecng.pearson.com/PQS.Web.CCPD/> and login with your username and password.

Please enter your login details to begin

User name

Password

Login

You will be presented with the 'POP Assessor Dashboard (PAD)' where you can manage your test bookings.

The screenshot shows the Pearson POP Assessor Dashboard (PAD) interface. At the top left is the Pearson logo. On the top right, there are navigation links for Home, Bookings, and Logout. Below the navigation is a header bar indicating the user is logged in as 'ECCAdminNUMBER acting as CentreAdministrator on behalf of DUMMY SCHOOL CENTRE - FOR TESTING P'. The main content area features a table with columns for Product name, Unit name, Exams date, Candidate name, and Learner status. The table contains several rows of test bookings, all for 'Pearson Onscreen Platform software test' on '25 August 2017'. Below the table, there are buttons for 'Launch Test', 'Download Test', and 'Mark as Absent'. At the bottom right of the table, it shows '1 - 10 of 40 items'.

If you need to access tests booked under a different site, you can select the relevant sub-site by pressing 'Switch Centre' from the drop-down menu on the top right hand side.

This image is a close-up of the 'Switch Centre' button located in the top right corner of the dashboard. The button is dark blue with white text and a right-pointing arrow. It is highlighted with a red rectangular border. Above it, a dropdown menu is visible, showing 'CENTRE - FOR TESTING P' with a downward arrow. Other options in the dropdown include 'Generate PIN'.

You can filter your search by **'Product name'**, **'Unit name'**, **'Exam Date'** and **'Candidate Name'** to show the relevant test booking you need to access.

Product name Product name	Unit name Unit name	Exam date 25/08/2017	08/09/2017	Candidate name Candidate name
------------------------------	------------------------	-------------------------	------------	----------------------------------

To access the additional **'Test details'**, expand the test window by clicking the small arrow on the left hand side.

<input type="checkbox"/>	Pearson Onscreen Platform software test	Pearson Onscreen Platform Software Test	25 August 2017	DEMOfIRSTNAME DEMOMIDDLENAME DEMOLASTNAME	Present
--------------------------	---	---	----------------	--	---------

Booking Information
Order No:11111253
Unit code:Test Unit 1
Organisation Name:DUMMY SCHOOL CENTRE - FOR TESTING P
Candidate Number:10523530
Booking Number:Q-1800015

If you need to mark your candidate as absent, select the test by ticking the box and press **'Mark as Absent'**. You will be prompted to confirm your selection.

Launch Test Download Test **Mark as Absent**

Launch Test (Online)

If you wish to run the test Online, select the test and press **'Launch Test'**. This will launch the test directly from your web browser.

Important: Please note that a stable internet connection is required. Wired connection is recommended, we do not recommend using a wireless or tethered connection as any packet loss may lead to losing the test progress.

Download Test (Offline)

Select the test you want to download and press **'Download Test'**. A new window will appear where you will be prompted to **'Confirm Download'**. Once downloaded, you can locate your test by logging into the Offline Dashboard.

Please, confirm downloading of the package

Important: Please ensure you add the <https://btecng.pearson.com> to your browser's pop-up exceptions, otherwise you may not be able to launch/download the exam.

Launch Test

Section Overview

To access the '**Offline Platform**' you will have need to have generated your PIN as mentioned in '**Section 1**'

Once you have access to the '**Offline Platform**' you will be able to access the following information.

1. Available - Shows all the tests that you have downloaded
2. Archived - Shows all the tests that have been '**Uploaded**'
3. Pending Upload - Shows all the tests that have been completed / sat where the response is currently waiting to be '**Uploaded**'
4. Settings - This allows you to turn '**Off**' or '**On**' the automatic '**Upload Response**' feature (by default this is set to '**On**')

3

Launch Test

This part of the guide explains how to launch a test using the **'Pearson Offline Platform (POP)'**. You should have downloaded a test from the **'POP Assessor Dashboard (PAD)'** application before following these steps.

To Begin, **Click: Offline Dashboard icon on desktop > Input PIN > Select Login**

Step 1

The dashboard will display the tests that have recently downloaded to your computer in the **'Available'** section. Find the learner and test entry you wish to launch. You can search by a test date range if you have many learners. Select the **'Declaration'** box to confirm that you are ready to invigilate the assessment. Then click **'Launch'**.

* Note that you will no longer need an Attendance Register as you are agreeing to the declaration instead.

The screenshot shows the 'Offline TDP Dashboard' interface. On the left is a navigation menu with options: Available, Archived, Pending Upload, Settings, and Log out. The main area features a search bar with 'From:' and 'To:' date pickers and a 'Search' button. Below the search bar is an 'Export' button and a table of test entries. The table has columns for First Name, Last Name, Date, Time, Duration, Assessment, Status, Declaration, and an unlabeled column. A single row is visible with the following data: DEMOFIRSTNAME, DEMOMIDDLENAME, DEMOLASTNAME, 01/09/2017, 00:00:00, 60, Pearson Onscreen Platform Software Test, Available, Launch, Mark Absent, Declaration icon, Archive. At the bottom of the table are navigation arrows and a page indicator '1'.

First Name	Last Name	Date	Time	Duration	Assessment	Status		Declaration	
DEMOFIRSTNAME DEMOMIDDLENAME	DEMOLASTNAME	01/09/2017	00:00:00	60	Pearson Onscreen Platform Software Test	Available	Launch	Mark Absent	Declaration Archive

Test Player Navigation

Section Overview

This section explains the '**Tools**' shown on the task bar / test interface. Depending on the type of test, some features may or may not appear.

Features / Tools available:

1. Accessibility
2. Help
3. Note Tool
4. Flag Question
5. Previous / Next
6. Test Navigation Toolbar
7. Time Remaining
8. Finish
9. Scenario

Test Player Navigation

This part of the guide shows you how to navigate the Test Player used in the Pearson Onscreen Platform Offline and Online tests.

Help Screen

The image shows a screenshot of the Test Player navigation toolbar with several callout boxes providing instructions for each feature. The toolbar is orange and contains icons for Accessibility Settings, Help, Note Tool, Flag Question, Previous Question, Next Question, Time Remaining, and Complete Test. The current question number is 0/18 and the time remaining is 01:00.

Note Tool
Click this button to open and close the Notepad Toolbar on any question.
The notepad allows you to make **rough** notes. Any notes you make in the Notepad will **not** be marked.

Help

Previous Question

Next Question

Show scenario
BTEC Performing Arts only
Click this button to view the scenario.
This button will display the scenario relevant to the question you are viewing.
It is only available on questions relating to scenarios.

Accessibility Settings
Click this button to open and close the accessibility settings on any question.
Use the + or - to zoom in or out.
Use the icon to reset the zoom.
Use the arrows to navigate around the screen.
Screen filters are available and are accessed from this panel.
Tool tips are available and are switched on or off from this panel.

Flag Question
The 'Flag' button will flag the questions you are on for review. You should use the 'Flag' button if you want to come back to a question later.
The question can be viewed by selecting it from the 'Question Navigation Toolbar'.

The 'Flag' button will appear black on flagged questions.

Test Navigation Toolbar
Displays the current question.
Click this button to open and close the Test Navigation Toolbar.
Click on the question number to navigate directly to that question.
A small flag will appear above flagged questions.
Flat numbers indicate that you have attempted the question.
Raised numbers indicate that you have not attempted the question.

Time Remaining
This area displays the amount of time remaining in the test.
You will **not** lose time when question screens are loading.

To display or hide the time, click the 'Time' icon.

Complete Test
Click this button to navigate to the question review screen.
Clicking this button will **not** end the test.

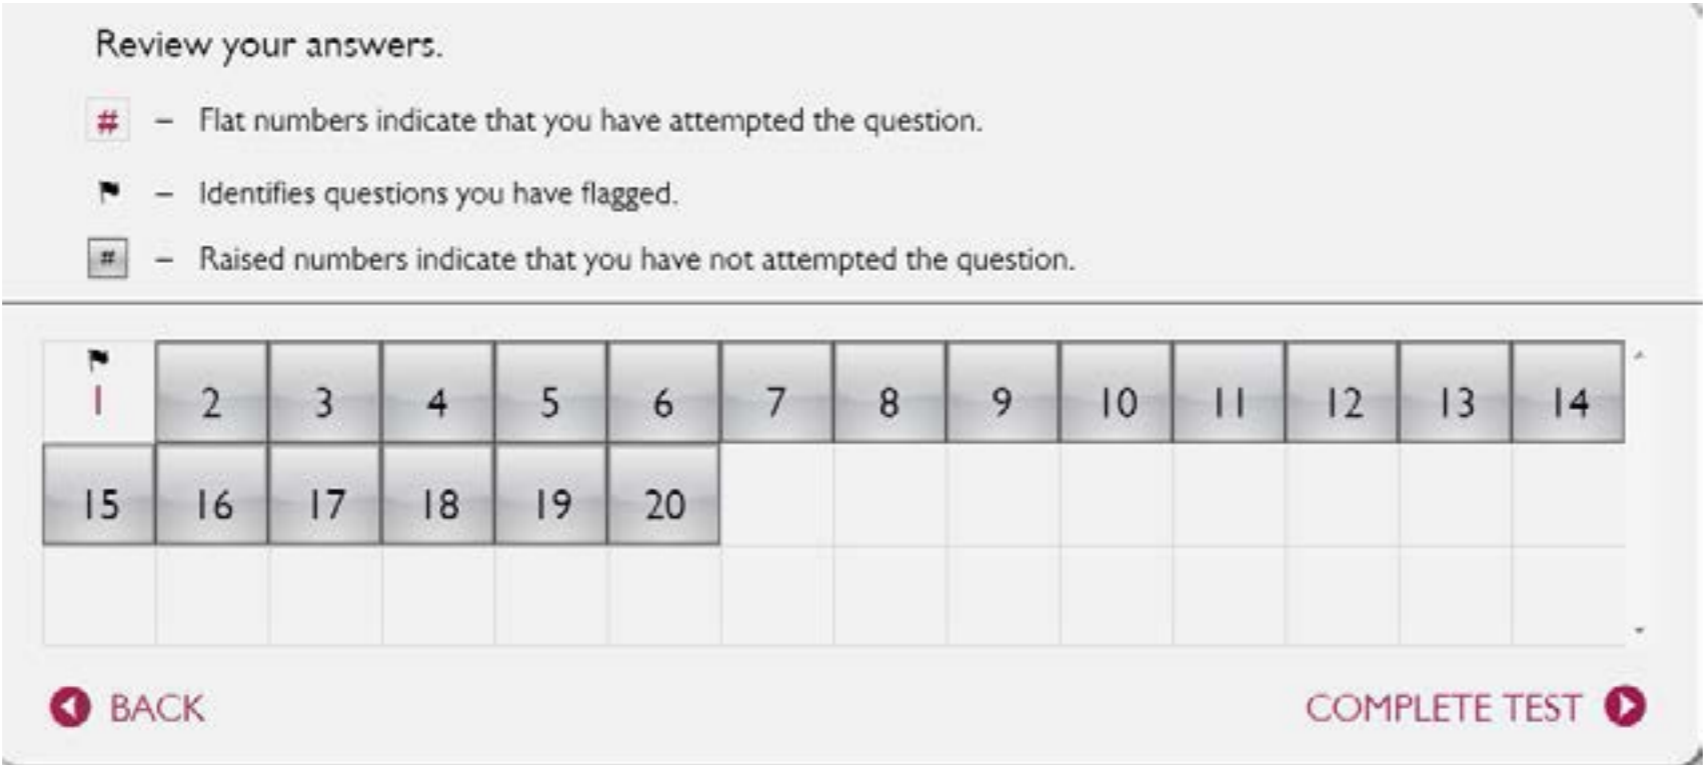

Test Player Navigation (continued)

Step 1

When you click finish you are brought to the Review screen below. While you have time remaining you can review your answers or go back to any unanswered or flagged questions. When you are ready to complete the test, click the **'Complete Test'** icon. You will be asked if you are sure you wish to end the test before the test closes.

As attendance registers are no longer required, if a situation arises where you need to pause or cancel a test please inform Customer Services by e-mail.

In case of an emergency, such as a fire alarm, you can pause a test by holding Ctrl, Shift and End keys on the right of your keyboard. You will need to use your PIN to authorise this and to restart the test.

Mark Absent (POP)

Section Overview

This section explains how to mark a learner absent for an offline test through the '**Pearson Offline Platform**'.

Once you have marked the learner as absent, you will still need to upload their response by following Section '**Upload Response**'.

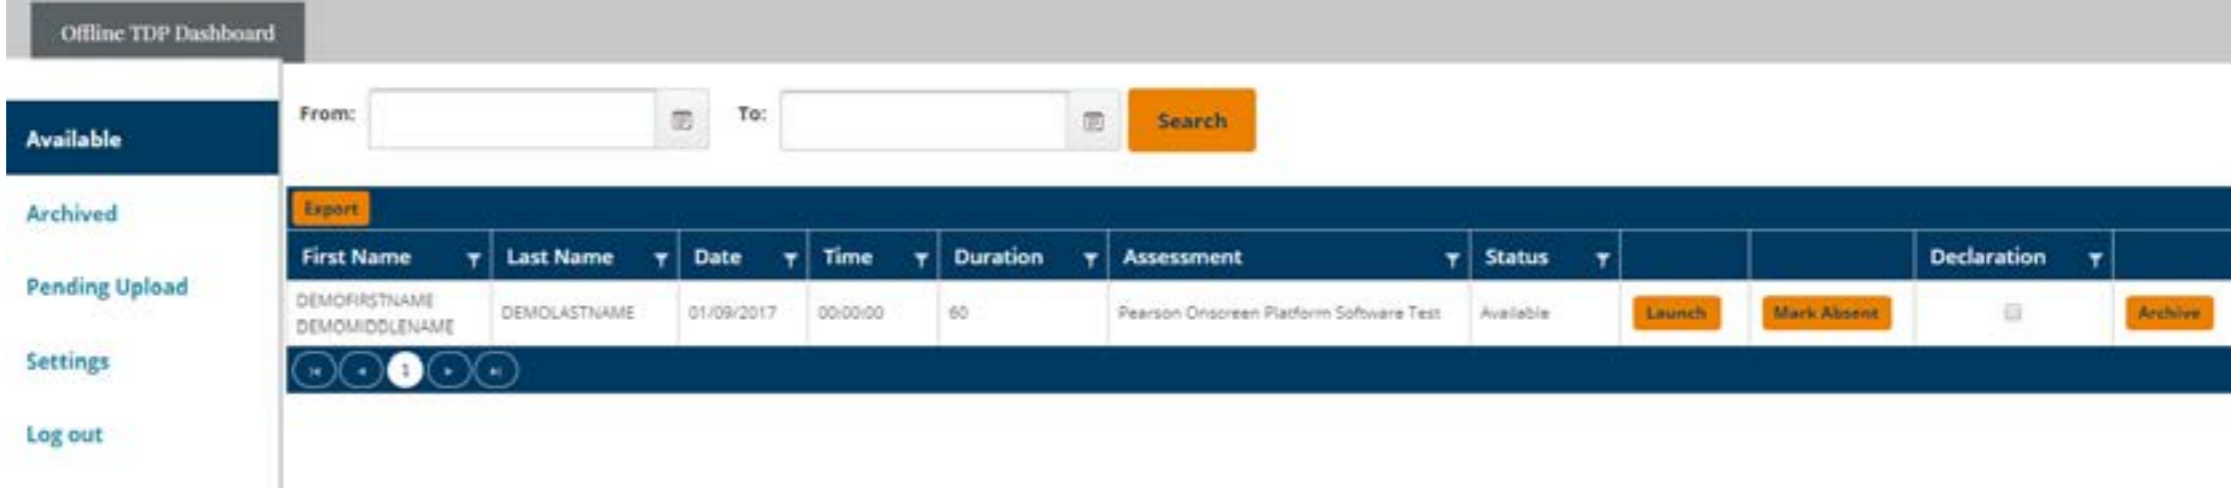

Mark Absent

This part of the guide explains how to mark a learner as absent using the **'Pearson Offline Platform'**.

To Begin, **Click: Offline Dashboard icon on desktop > Input PIN > Select Login**

Step 1

Search for the learner using the search options

The screenshot shows the 'Offline TDP Dashboard' interface. On the left is a navigation menu with options: Available, Archived, Pending Upload, Settings, and Log out. The main area features search filters for 'From' and 'To' dates, an 'Export' button, and a table of learner data. The table has columns for First Name, Last Name, Date, Time, Duration, Assessment, Status, and Declaration. A row of data is visible with a 'Mark Absent' button next to the learner's name.

First Name	Last Name	Date	Time	Duration	Assessment	Status	Declaration
DEMORRSTNAME DEMOMIDDLENAME	DEMOLASTNAME	01/09/2017	00:00:00	60	Pearson Onscreen Platform Software Test	Available	Launch Mark Absent Archive

Step 2

Click **'Mark Absent'** next to the learner's name

[Mark Absent](#)

Step 3

The absent status must be uploaded in the same way as a set of candidate responses. Once marked as absent, a booking will appear in your pending uploads screen and can be uploaded from there at a time when you have access to an internet connection or when you are prompted to by the offline dashboard.

Upload Response

Section Overview

Once your learner has completed an offline test through the Pearson Onscreen Platform, you will need to upload their results.

There are two ways to do this:

1. **'Automatic response upload'**

This will pop up as a prompt for any outstanding results awaiting upload when you log back in to Pearson Onscreen Platform. (This feature is located in the settings and is set by default to pop up - this can be turned off if necessary).

2. **'Manual response upload'**

This option will require you to locate the pending upload in the Offline Platform in order for the results to be uploaded. A manual upload will occur when you click 'No' to the automatic prompt - or if you have turned your settings off.

Upload Response

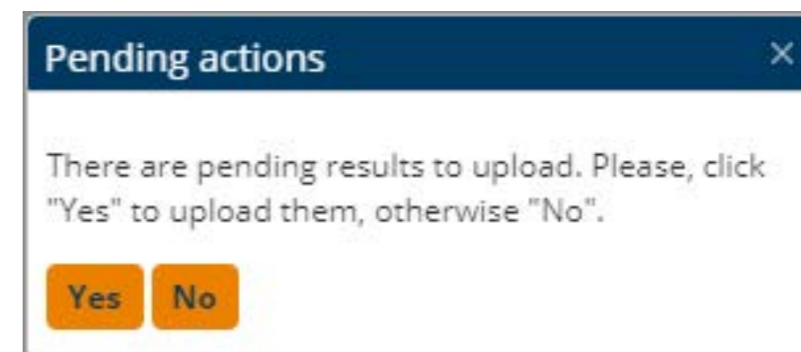

This part of the guide explains how to upload a response using the **'Pearson Offline Platform'**. The learner must have sat an Offline test in order for you to be able to do this.

To Begin, **Click: Offline Dashboard icon on desktop > Input PIN > Select Login**

Step 1

You will be presented with a pop-up window (Pending actions) advising that you have responses waiting to be uploaded.

If you have an internet connection, click **'Yes'**. If you wish to upload later click **'No'**.
If you have selected **'No'** you will need to do a manual upload by selecting **'Pending Upload'** from the menu on the left and then click **'Upload'**.

Step 2

By clicking on **'Yes'** a pop-up window will appear. Click on **'Start to upload'**. Once this has completed you will see the word **'Done'** confirming that the upload has been actioned. Confirmation can also be viewed by selecting **'Archived'** from the menu on the left and checking the **'Status'**.
