# Haven't received your OPTEMS or Attendance Registers?

If you have not received your OPTEMS by the stated date you can submit your controlled assessment marks on Edexcel Online. [For support on how to do this have a look at our guidance video](#). You will have an option to print off the submitted marks which you can include when sending off samples to your moderator.

If you have not received your attendance register by the stated date you can either print off a candidate list for the relevant unit from Edexcel Online or create one using letter headed paper. Both methods will need to be signed by the invigilator.
