Notes

### 1. Conduct of Examinations

- Each examination must be taken on the day and at the time as shown on the timetable.
- The published starting time of all examinations for UK centres is either 9.00 am. or 1.30 pm. Candidates with more than one examination in a session should take these consecutively. A supervised break may be given between consecutive examinations.
- UK centres may start an examination earlier than, or later than, the published starting time for the session without prior approval from Pearson. However, in order to maintain the security of the examination all candidates must start examinations scheduled for a morning session no earlier than 8.30 am. and by 9.30 am. and for an afternoon session no earlier than 1.00 pm. and by 2.00 pm., except where arrangements have been made for dealing with timetable clashes. No other departure from the timetable is permitted without the prior written approval of Pearson. Examination centres should refer to the JCQ publication 'Instructions for Conducting Examinations' in the first instance.
- UK based candidates who take an examination earlier than the published starting time shown on the timetable must remain under centre supervision until one hour after the published starting time for that examination.
- UK based candidates who take an examination later than the published starting time shown on the timetable must remain under centre supervision from 30 minutes after the published starting time for the paper concerned until the time when those candidates begin their examination.
- When a change is made to the published starting time for an examination it is the responsibility of the centre to inform all candidates affected by the alteration.
- International centres must refer to the relevant document setting out examination starting times for their timezone, available at <http://qualifications.pearson.com/en/support/support-topics/exams/exam-timetables.html#tab-Internationalcentres>

### 2. Key Dates

- The date for the restricted release of results to centres is **Wednesday 11 January 2017.**
- The date for the release of results to candidates is **Thursday 12 January 2017.**
- Further key dates including subject specific submission deadlines for non-examined components and dates for pre-released materials can be found in the key dates section of the Information Manual.

### 3. Important Information

- The November Series for GCSE Mathematics, GCSE English and GCSE English Language in 2015 and 2016 in England is intended for learners who have already taken and certificated GCSEs in these subjects in previous series.
- Awarding Organisations are required to have evidence of the previous attempt before accepting an entry, unless the learner is aged 16 years or older on August 31 in the year that they wish to take an examination in November, in which case no evidence is required.
- Therefore, it is permissible for a learner who is 16 years or older on August 31 in the year that they wish to take an examination in November to make a first attempt at GCSE Mathematics, GCSE English and GCSE English language in the 2015 or 2016 November series.
