

## Pearson UK – Funding News

24 April March 2015

*Funding News provides a regular round-up of 16-18, 19+ and apprenticeship funding, and related news from government departments, funding agencies and other relevant organisations.*

Not a huge amount of funding news this week, but key news includes confirmation by the Skills Funding Agency that the BTEC Firsts submitted for 19+ funding have now all been approved, the latest 19+ funding catalogues, an employer guide to trailblazer apprenticeships, supporting information for traineeships, and a minor update to the Funding Rules 2014 to 2015. The Education Funding Agency has published further guidance on the planned hours in study programmes.

### Qualifications: simplified funding rates, 2014 to 2015, and 2015 to 2016, and BTEC Firsts

The latest simplified funding rates catalogues for both [2014 to 2015](#), and [2015 to 2016](#) were updated on 22 April with further additions and the results from the entry and level 1 submissions made by awarding bodies. There is excellent news in that all BTEC Firsts recently submitted were approved. See the Pearson news below for further details.

### Employer guide to trailblazer apprenticeships

This three page [guide](#) released at the end of March introduces employers to the new trailblazer apprenticeship standards and provides information about the government funding available.

### Traineeships: supporting information

At the end of March the Agency released supporting operational [information](#) for employers and training organisations on eligibility, what traineeships will provide, and how they will be delivered and funded. It is designed to support employers and training organisations and confirms the arrangements detailed in the funding rules from the Skills Funding Agency and the Education Funding Agency.

## Funding Rules 2014 to 2015: Version 2 Addendum 3

The Agency published this [addendum](#) to their 2014/15 funding rules at the end of March. The amendment reflects the changes to the rules on English and maths in the Specification for Apprenticeship Standards in England (SASE) apprenticeship frameworks. The modifications to the SASE remove the 'five-year rule', which applies to the validity of Functional Skills/GCSEs/Key Skills qualifications in English, maths and ICT (where applicable) on entry to the apprenticeship programme. The Agency will apply the change to the funding rules from 6 April 2015. It applies only to learners who start an apprenticeship on or after that date.

### 16 to 19 funding: planned hours in study programmes

On the 23 April the EFA released further guidance on planned hours to assist funded institutions planning study programmes across the individual academic years. This useful guide includes amongst other things advice on planned hours and funding allocations, planned hours for full time and part time study programmes, maths and English condition of funding and planned hours, recording planned hours, and audit and planned hours.
