### Trailblazer Apprenticeships Funding Rules 2015 to 2016

The Agency published the [Trailblazer Apprenticeships Funding Rules 2015 to 2016](#) on 30 July. The document sets out the funding rules for the new apprenticeship standards delivered under the Trailblazer apprenticeship programme. It also includes a summary of the changes made.

### Apprenticeship standards in development

### Apprenticeships exam results toolkit

On 27 July the Agency published the [Apprenticeships exam results toolkit](#) for partners and professionals who communicate with young people at exam results time. The toolkit is designed to help people understand the options available to young people and to spread the word about apprenticeships, traineeships and the National Careers Service. It compliments a number of other documents produced by the Agency to help support the promotional of apprenticeships including a new [checklist](#) to help school leavers search and apply for an apprenticeship, a [presentation](#) for years 7 to 11 which provides an introduction to, and [guidance](#) on how to

The eligibility criteria for AGE 16 to 24 for apprenticeships that start from 1 August may change for these areas. There is no change to eligibility for planned starts up to 31 July. For further information about the devolved AGE 16 to 24 programme for West Yorkshire email [age@the-lep.com](mailto:age@the-lep.com)

## Hefce

### Reductions to HEFCE teaching grant for 2014-15 and 2015-16 academic years

Last week Professor Madeleine Atkins, Chief Executive of Hefce, [wrote to Vice-Chancellors and Principals](#) setting out how cuts would be made to secure a saving of £150m in funding for the 2015-16 financial year. The 2015-16 financial year overlaps with the 2014-15 and 2015-16 academic years and therefore allocations to institutions for both academic years are affected. The biggest single sources of savings will be £37m previously set aside to support an expected increase in student numbers in 2015-16, £52m from two one-off transitional research allocations previously announced for 2015-16, and £38m through a pro rata reduction of 2.4% to all elements of the recurrent teaching grant for 2014-15.
