

## **Funding Focus**

### **BTEC QCF Nationals**

### **16-19 and 19+ funding information for 2015/16**

### **2 October 2015**

*Funding Focus provides quick summaries of recent funding developments, or particular aspects of the funding system. They are produced for internal and external colleagues.*

All 174 of the BTEC QCF Nationals are approved by the Education Funding Agency (EFA) for 16-18 funding. 148 are approved by the Skills Funding Agency (SFA) for 19+ funding and loan funding. This table lists all the BTEC QCF Nationals, their eligibility for 19+ funding and loan funding, and the reason why, and highlights 23 qualifications newly eligible for 19+ funding and loan funding in 2015/16 in the notes column.

- 86 BTEC QCF Nationals are Level 3 Tech Level qualifications automatically approved for 19+ funding and loan funding.
- 54 BTEC QCF Nationals are Level 3 Applied General qualifications automatically approved for 19+ funding and loan funding.
- 8 BTEC QCF Nationals, not designated Level 3 Tech Level qualifications or Level 3 Applied General qualifications, are approved for 19+ funding and loan funding as we made successful submissions to the SFA.
- 26 BTEC QCF Nationals are not approved for 19+ funding and loan funding as we could not make a successful submission to the SFA.

#### *Further notes*

- *23 of the 54 Level 3 Applied General qualifications, previously ineligible, are newly approved for 19+ funding and loan funding. (The SFA announced on the 24 September announced that Level 3 Applied General qualifications would be automatically approved for 19+ funding and loan funding.) 31 of the 54 Level 3 Applied General qualifications were already approved for 19+ funding and loan funding as we made successful submissions to the SFA.*
- *The table includes information for the non-QCF qualifications – the Nationals in Children's Play, Learning and Development.*
- *Qualification funding eligibility is confirmed on the [funding hub](#). 19+ funding and loan funding is also confirmed in the SFA's [catalogue](#).*
