External Assessments for BTEC Level 2 Technicals

## Understanding the external assessment grade boundaries for BTEC Level 2 Technicals

This document shows the grade boundaries for our BTEC Technicals externally assessed task assessments.

### **Definition of terms**

All of the grade boundaries for our BTEC externally assessed units are given in 'raw' marks. A raw mark is the actual mark awarded by our examiners for an assessment. Raw mark scores can be downloaded by Exams Officers from Edexcel Online.

A grade boundary is the minimum mark at which a grade can be achieved. For example, if the grade boundary for a Distinction is 29, then 29 is the minimum mark at which a Distinction can be achieved. A mark of 28 would therefore be a Merit.

In order to calculate the overall qualification grade, unit results are combined by converting unit grades into points scores. You can find out more about raw marks and points scores at: [qualifications.pearson.com/understandingmarksandgrades](https://qualifications.pearson.com/understandingmarksandgrades)

Unit results for our BTEC Level 2 Technicals are reported on a 4 point scale. The table below shows the number of points scored at each grade for a 45 GLH size unit.

Highest Grade			Lowest Grade
Level 2 Distinction (D)	Level 2 Merit (M)	Level 2 Pass (P)	Unclassified (U)
24	18	12	0

More information on calculating qualification results can be found in [section 10 of the specification](#).
