

Pass Marks

Edexcel Awards in Mathematics

June 2022

Understanding our Edexcel Award pass marks

This document shows the pass marks for our Edexcel Awards in Algebra, Number and Measure and Statistical Methods qualifications. For each set of pass marks, the maximum number of available marks is also shown.

All pass marks are shown in raw marks.

Definition of terms

A pass mark is the minimum mark at which a pass can be achieved. For example, if the pass mark is 50 marks, then 50 is the minimum mark at which a Pass can be achieved. A mark of 49 would therefore be Unclassified.

A raw mark is the actual mark awarded by the examiner for an assessment. Raw mark scores can be downloaded by Exams Officers from Edexcel Online.

You can find out more about marks at [qualifications.pearson.com/raw-ums-marks](https://www.pearson.com/qualifications/pearson.com/raw-ums-marks)

Algebra

| Overall grade boundaries | | | Max Mark | Pass | Unclassified |
