

Pearson

Extended Project Grade Statistics (Final)

June 2016

The statistics in this document show:

- The total number of learners who took each subject
- The total number of male and female learners who took each subject, and that number as a percentage of the total cohort
- The total number of learners who took each subject, according to the type of centre at which they took it
- The cumulative number of learners at each grade boundary, and that number as a percentage of the total cohort
