2 Key Dates – updates in red

1 Introduction

In this section you will find all the key dates for the academic year.

1.1 Entry deadlines for 2018–19

Our entry deadlines and late fee dates are listed below with an explanation of the late fees that are applied. For each examination series you will see the entry deadline, the late fee date, the amendment fee date and high late fee date.

We have also included the date on which basedata will be available on our website qualifications.pearson.com/basedata. From this date you will also be able to use Edexcel Online or Electronic Data Interchange (EDI) for that examination series to submit entries.

If you are having difficulties meeting the entry deadline, for example your MIS has crashed, please contact us on eprocessing@pearson.com and we will support your entry submission process. If you require information on EDI, please go to qualifications.pearson.com/basedata

Please refer to the qualification sections of this manual for subject availability in each examination series.

1.2 Late entry fees explained

After the entry deadline, late fees will be incurred. From the late fee date, the entry (subject or unit) fee is doubled. The entry fee is trebled from the high late fee date.

Amendment fees will be charged if you change a subject/unit option or tier from the high late fee date. You will not incur a fee for changing candidate details (such as name amendments) unless a certificate has been issued. Amendment fees are usually double the cost of a unit or subject entry fee (in addition to the original entry fee).

1.3 Late cash-in fees

A fee is charged for any cash-in request made after the entry deadline.

1.4 Refunds

Any subject or unit fee will be refunded automatically up to the high late fee deadline. If you withdraw an entry after this deadline, no refund will be issued without supporting medical evidence.

If a late entry is withdrawn by the high late fee deadline, only the entry fee is refunded.
