5 International Advanced Level – updates in red

1 Key dates

1.1 Entry deadlines and results

Please see the Key Dates section of this manual for the entry and results dates, and the certification and centre mark submission dates. The Key Dates section also includes details of when the entry submission facility on Edexcel Online is available.

1.2 Retention of certificates

It is not necessary to return uncollected certificates to us. They may be destroyed (in a confidential manner) after retention for a period of no less than 12 months from the date of issue. Centres that do not have a means of destroying certificates confidentially may return them to our Manchester office. Please see the Contact Information section of this manual for the address. A record of certificates that have been destroyed should be retained for four years from their date of destruction.

Centres must comply with any request from us to return a certificate. Certificates remain the property of the awarding bodies at all times.

2 Entry procedures

Please see qualifications.pearson.com/eol for details on how to make entries and registrations using Edexcel Online.

2.1 Private candidates

Private candidates are candidates taking a qualification without being enrolled full time in a centre. They are responsible for their own entries, which must be made through an approved centre. Some qualifications are not available to private candidates. For a full list of qualifications and private candidate eligibility see the Pearson Qualifications website.

3 International Advanced Level eligibility rules

It is not possible to use AS/A level units towards an International A Level (IAL) award. Only IAL units can be used to contribute to an International A Level award.

4 Resitting International Advanced Level units

Any unit can be re-sat by a candidate. The better of their two most recent non-absent attempts at an IAL unit will be available for aggregation to a qualification grade. The exception is the IAL Mathematics suite. Please see the document 'Aggregation Rules and Guidance' which can be found on the Forms and Administration tab in the Course Materials section of qualifications.pearson.com/ial-maths-2018

5 Unit, option and cash-in codes and availability

Included in this manual is an alphabetical list of subjects stating the availability by unit, option and cash-in code. Further information about all the IAL qualifications can also be found at qualifications.pearson.com/ial

Candidates intending to cash in their unit scores for a subject grade must enter the appropriate cash-in codes.

Units taken on previous occasions should not be entered unless the candidate wishes to enter for the unit again to improve their results.

The units candidates must take to be eligible for a cash in (award) are outlined below. They can be taken in the same exam series, or can be banked under the candidate's UCI if taken in a number of series. No grade can be issued unless the appropriate cash in code is entered.

Once a candidate certifies a Mathematics subject, the units which have been used to generate the award are 'locked' to that title (even if the candidate re-takes them). Units 'locked' to a subject title through a previous certification may be 'unlocked' by re-entering for that same title. For example, if a candidate who has already certificated AS Mathematics wishes to resit one of these units they should be entered for that unit and AS Mathematics to ensure the other units that contribute to AS Mathematics are available for certification.

Mathematics subjects certificated before the end of a course should be re-certificated at the end of the course. For example, if a candidate who has already certificated A level Mathematics takes three more units and certifies AS Further Mathematics without re-entering A level Mathematics, the grade for AS Further Mathematics will be generated from those three units. Re-entering A Level Mathematics ensures that all units are available for re-use and that the grades for both titles are based on the optimum combination of units.

What qualifications are available?

Specification cash-in code	Subject title	Units required to be eligible
Advanced Subsidiary XMA01	Mathematics	WMA01(C12) plus one of WME01(M1), WST01(S1), WDM01(D1) OR WMA11 and WMA12 plus one of WME01(M1), WST01(S1), WDM11(D1)
Advanced Subsidiary XFM01	Further Mathematics	WFM01(F1) plus two of the following application units WFM02(F2), WFM03(F3), WME01(M1), WME02(M2), WME03(M3), WST01(S1), WST02(S2), WST03(S3), WDM01(D1)
Advanced Subsidiary XPM01	Pure Mathematics	WMA01(C12) and WFM01(F1) OR WMA11 (P1) and WMA12 (P2) and WMF01 (F1)
Advanced YMA01	Mathematics	WMA01(C12), WMA02(C34) plus one the following pairs WME01(M1) and WST01(S1), WME01(M1) and WDM01(D1), WME01(M1) and WME02(M2), WST01(S1) and WDM01(D1), WST01(S1) and WST02(S2)
Advanced YFM01	Further Mathematics	WFM01(F1) plus one of WFM02(F2) or WFM03(F3), plus four of WME01(M1), WME02(M2), WME03(M3), WST01(S1), WST02(S2), WST03(S3), WDM01(D1) OR WFM01(F1), WFM02(F2), WFM03(F3) plus three of WME01(M1), WME02(M2), WME03(M3), WST01(S1), WST02(S2), WST03(S3), WDM01(D1)
