

Transfer of Credit Form

Meeting the global demand for University Education

Pearson is the world's leading education company. In the UK, we are proud to be the largest education organisation offering both academic and vocational qualifications to students around the world.

As such we want confirmation from your university regarding the Pearson qualifications that would enable credit transfer for our learners when they progress to your undergraduate programmes. With your permission, the information you provide can then be shared with our students globally and will be included on Pearson's Degree Course Finder website (degreecoursefinder.pearson.com). This will help you recruit students that meet the requirements of your institution.

The Degree Course Finder is part of our new service, Progression Plus, which has been created to support our students to achieve their goals and ambitions. This service is provided at no cost, as the purpose is to help students make informed choices about their next steps into higher education.

If your institution already has credit transfer policies in place for our qualifications or simply wants to know more, please complete the attached form. Alternatively, please contact:

- Recognised around the world by leading universities such as Cambridge, Imperial College London, Yale, Columbia, University of Toronto, University of Melbourne, and the University of Tokyo

Credit Evaluations in the USA for International Qualifications

Educational Credential Evaluators, Inc.

(ECE www.ece.org) is a private, non-profit organization that prepares evaluation reports that identify the United States equivalents of educational qualifications earned in other countries. ECE is a charter member of the National Association of Credential Evaluation Services (NACES), an organization to establish and maintain professional standards for private credential evaluation services.

ECE recommends that for each GCE or International Advanced Level studied, a learner has completed 10 semester hours of undergraduate credit.

International Education Research Foundation

(IERF, www.ierf.org) is a not-for-profit, public-benefit agency and is the oldest credentials evaluation service in the world. It has conducted thousands of evaluations on educational credentials from the United Kingdom. Its evaluators have also presented on and contributed to publications on the educational system in the UK.

IERF recommends that for each GCE or International Advanced Level studied, a learner has completed approximately 6-8 semester hours of undergraduate credit.

World Education Services

(WES, www.wes.org) is a non-profit organization that provides research about international education and trends and offers expert credential evaluation services. Each year WES helps 170,000 internationally-educated students and immigrants pursue their goals in the US and Canada. WES evaluations are recognized by more than 2,500 universities, employers, licensing boards and government agencies.

WES recommends that for each GCE or International Advanced Level studied, a learner has completed 8 semester hours of undergraduate credit.

For complete information on all of Pearson's qualifications, including Edexcel International GCSEs, GCSEs and BTEC Nationals, please visit our website qualifications.pearson.com
