Using the performance calculators

All AS and A level student work should be marked using the assessment grids in the accredited specifications.

The performance calculators are a support tool to help you make accurate judgements about student work. There are three performance calculators:

- One for assessing A level practical work and written annotation
- One for assessing A level personal study
- One for assessing AS practical work and written annotation

Step by step instructions

1. Choose the relevant performance calculator.
2. Take each Assessment Objective (AO) in turn.
3. Follow the AO across the chart (from left to right) until the work exhibits characteristics reflected in the taxonomies in the levels from 1 to 6.
4. Choose those taxonomy words that apply to the work (not all of them will) and write them in the appropriate box(es) on the performance calculator.
5. Writing the taxonomy words in the relevant boxes will give you a clear visual picture (like a graph) of the student’s performance for each AO (see the worked example below).
6. At any time, look at real student work that has been marked by our senior examiners. You can access real student work for each level by clicking on the *Link to visual exemplars* within the electronic versions of these performance calculators.
7. Circle the mark awarded or write the mark awarded in the far right-hand column.

A worked example

In AO1, an A level student may show **superficial** development and their analysis of other artists' work may be **unrefined**. They may show a **lack of understanding**, with **simplistic reflection** and **unresolved** connections to their resources. This would place this student firmly in the middle of Level 2 BASIC ABILITY. The student is solidly in this level, and would receive 5 marks for AO1.

This same student might be showing **broadening** understanding of some of their contextual references. ‘Broadening’ is in the taxonomy of Level 3 EMERGING COMPETENT ABILITY. The fact that ‘broadening’ applies to the work pushes the student towards the next level. This would place the student at the top of Level 2 EMERGING COMPETENT ABILITY so the student would receive 6 marks for AO1.

If the student achieves even more words in the higher level, they may need to cross the boundary into Level 3 EMERGING COMPETENT ABILITY, and receive 7 marks for AO1.
