Candidate number:

A level assessment grid – practical work and annotation

We recommend using the A level Practical Performance Calculator to establish a mark for each Assessment Objective. Marks should then be transferred to the assessment grids below.

The following grid relates to all A level student practical work and annotation, and should be used to mark all titles. The grid assesses all four Assessment Objectives equally. All four Assessment Objectives must be met in each component. A mark out of 18 should be awarded for each Assessment Objective. The four Assessment Objective marks should then be added together to give a total mark out of 72 for practical work and annotation in each component.

A level assessment grid – practical work and annotation

We recommend using the A level Practical Performance Calculator to establish a mark for each Assessment Objective. Marks should then be transferred to the assessment grids below.

The following grid relates to all A level student practical work and annotation, and should be used to mark all titles. The grid assesses all four Assessment Objectives equally. All four Assessment Objectives must be met in each component. A mark out of 18 should be awarded for each Assessment Objective. The four Assessment Objective marks should then be added together to give a total mark out of 72 for practical work and annotation in each component.

A level assessment grid – practical work and annotation

We recommend using the A level Practical Performance Calculator to establish a mark for each Assessment Objective. Marks should then be transferred to the assessment grids below.

The following grid relates to all A level student practical work and annotation, and should be used to mark all titles. The grid assesses all four Assessment Objectives equally. All four Assessment Objectives must be met in each component. A mark out of 18 should be awarded for each Assessment Objective. The four Assessment Objective marks should then be added together to give a total mark out of 72 for practical work and annotation in each component.
