I Introduction

In this section you will find all the key dates for the academic year.

I.1 Entry and registration deadlines for 2013-2014

Our entry deadlines and late fee dates are listed below with an explanation of the late fees that are applied. For each exam series you will see the entry deadline, the late fee date, the amendment fee date and high late fee date.

We have also included the date on which basedata will be available on our website (www.edexcel.com/basedata). From this date you will also be able to use Edexcel Online for that exam series to submit entries.

If you are having difficulties meeting the entry deadline, for example your MIS has crashed, please contact us and we will support your entry submission process. If you require information on EDI, please go to www.edexcel.com/edi.

Please refer to the qualification sections of this manual for subject availability in each examination series.

Please submit entries using EDI or Edexcel Online. Edexcel Online is available for use from the time that the basedata is released for a particular examination series.

You need to register students for Applied GCE, DiDA, next generation NQF BTEC and Principal Learning before submitting entries. We will automatically register any student for Applied GCE or DiDA if no registration exists on the lowest available programme of study. This may result in higher entry costs over the study period.

1.2 Late fees explained

After the entry deadline, late fees will be incurred. From the late fee date, the entry (unit or subject) fee is doubled. The entry fee is trebled after the high late fee date. Amendment fees will be charged if you change a subject option – this can be a change of tier or change of option (papers). Amendment fees double after the high late fee date. You will not incur a fee for changing candidate details (such as name amendments) unless a certificate has been issued.

1.3 Refunds

Any unit or linear fee will be refunded automatically up to the high late fee date. If you withdraw an entry after this date, no refund will be issued without supporting medical evidence.

If a late entry is withdrawn by the high late fee date, only the entry fee is refunded.

1.4 Coursework mark submission and deadlines

You can submit coursework marks by EDI, Edexcel Online or using OPTEMS. Please note that OPTEMS are not issued for any Principal Learning unit. The deadlines are listed below.
