11 Edexcel Awards

1 About Edexcel Awards

The Edexcel Awards are stand-alone academic qualifications which support the GCSE, International GCSE, Certificate, BTEC and GCE qualifications that are offered in schools and colleges.

Typically, each award:

- takes 60-70 guided learning hours to deliver as a stand-alone (roughly the size of half a GCSE)
- is assessed externally through written papers
- is awarded pass or unclassified
- is available at different levels (Level 1, Level 2 and Level 3).

2 About the Edexcel Award in Number and Measure

The Award in Number and Measure is a competency based mathematical qualification that helps candidates develop a thorough knowledge and understanding of concepts in number and measure. It is available at Level 1 and Level 2.

This qualification is aimed at candidates who:

- need to develop their basic mathematical skills and build confidence in the subject before progressing to GCSE mathematics
- want to gain a qualification which demonstrates their mathematical ability.

This qualification is funded and approved for schools and colleges in England and Wales for pre-16 and 16-18 year olds, but it is not currently funded for post-19 learners.

For more information about the qualification, including the specification and assessment materials, please visit www.edexcel.com/number.

3 Specification and Entry Codes

The table below shows details of the entry codes. Please note that Level 1 and Level 2 entries must be made separately.

Qualification Title	Subject Code
Level 1 Award in Number and Measure	ANM10
Level 2 Award in Number and Measure	ANM20

4 About the Edexcel Award in Algebra

The Award in Algebra is a new qualification that helps candidates develop a thorough knowledge and understanding of concepts in algebra. It is available at Level 2 and Level 3.

This qualification is aimed at candidates who:

- need to develop their algebra skills and build confidence in the subject whilst studying GCSE mathematics
- need to develop their algebra skills before progressing to GCE Mathematics
- need to be stretched and challenged at key stage 3 or 4

This qualification is funded and approved for schools and colleges in England and Wales for pre-16 and 16-18 year olds, but it is not currently funded for post-19 learners.

For more information about the qualification, including the specification and assessment materials, please visit www.edexcel.com/algebra.

5 Specification and Entry Codes

The table below shows details of the entry codes. Please note that Level 2 and Level 3 entries must be made separately.

Qualification Title	Subject Code
Level 2 Award in Algebra	AAL20
Level 3 Award in Algebra	AAL30

6 About the Edexcel Award in Statistical Methods

The Award in Statistical Methods is a new qualification that helps candidates develop a thorough knowledge and understanding of concepts in Statistics. It is available at Level 1, Level 2 and Level 3.

This qualification is aimed at candidates who:

- need to develop their Statistical skills and build confidence in the subject whilst studying GCSE Mathematics
- need to develop their Statistical skills before progressing to GCE Mathematics
- need to be stretched and challenged at Key Stage 3 or 4.

This qualification is funded and approved for schools and colleges in England and Wales for pre-16 and 16-18 year olds, but it is not currently funded for post-19 learners.

For more information about the qualification, including the specification and assessment materials, please visit www.edexcel.com/statisticalmethods.

7 Specification and Entry Codes

The table below shows details of the entry codes. Please note that Level 1, Level 2 and Level 3 entries must be made separately.

Qualification Title	Subject Code
Level 1 Award in Statistical Methods	AST10
Level 2 Award in Statistical Methods	AST20
Level 3 Award in Statistical Methods	AST20
