

IHCD Paramedic Practice – Multiple Choice Test removal from website

As part of an on-going review process and the re-development of our assessment materials for the above qualification, the following test papers will be removed from the website with immediate effect.

- **Module G multiple choice tests**
- **Module H multiple choice tests**
- **Module I1 multiple choice tests**
- **Module I2 multiple choice tests**

Final test paper sittings and Redevelopment phase

We will only accept results for the above test papers for exams sat up to or on 19th May 2014. Tests sat after this time will not be valid and learners will need to sit a redeveloped test paper. Redeveloped materials will be made available as soon as possible. However, the redevelopment phase of the above tests is likely to take between 8-12 weeks. We apologise for the inconvenience this will undoubtedly cause, however this process is necessary to ensure that we maintain the rigour and value of our qualifications.

Frequently Asked Questions

- **Are the paramedic pre-entry tests also being removed?**
No. Only the multiple choice tests for Paramedic Practice modules G, H, I1 and I2 are affected. The paramedic pre-entry tests, and tests for all other IHCD qualifications, remain available.
- **I have learners that are ready to sit tests in the very near future - what are my options?**
Your learners should sit the new redeveloped tests when these are available. We anticipate that this will be in 2-3 months. If you have learners who urgently need to sit a particular test, you should inform us of this. We will then ensure that the required test is redeveloped as a priority.
