Dear Ria Bhatta

ACCA were recently approached by Pearson with a view to having three of their new qualifications accredited.

The qualifications in question were:

- Pearson LCCI Level 4 Certificate in Organisational Behaviour and Performance
- Pearson LCCI Level 4 Certificate in Management Accounting
- Pearson LCCI Level 4 Certificate in Financial Accounting

As a member body of IFAC (the International Federation of Accountants), ACCA is required to meet specific benchmarks in the preparation and continual development of professional accountants.

ACCA is required to comply with IFAC's International Education Standards, which include provisions for entry requirements, programme content and assessment methods.

We must ensure, therefore, that accreditation is awarded only to programmes whose syllabus and assessments are closely matched to ACCA's. In order to assess for exemption from the ACCA Qualification, the accreditation team reviews the syllabus content and assessment methods for each module put forward by an institution.

We were supplied with full syllabus details and specimen exam papers for each of the three qualifications. This documentation was fully assessed and it was determined that the qualifications met our criteria for syllabus and exam comparability which has allowed us to confirm provisional exemption from ACCA papers F1, F2 and F3.

Paper F1	On the basis of Pearson LCCI Level 4 Certificate in Organisational Behaviour and Performance
Paper F2	On the basis of Pearson LCCI Level 4 Certificate in Management Accounting
Paper F3	On the basis of Pearson LCCI Level 4 Certificate in Financial Accounting

Please do not hesitate to contact me by e-mail at [martin.paull@accaglobal.com](mailto:martin.paull@accaglobal.com) if I can be of further assistance.

Yours sincerely
