Dear Richard

Letter of Recognition for Pearson BTEC Higher Nationals in Computing

On behalf of BT, currently employing 73,000 UK staff, I want to express my support for the Degree Apprenticeship initiative that Tech partnership is co-ordinating on behalf of the IT sector.

BT recognises the below qualifications as being fit for purpose in preparing Pearson's international learners to progress into employment.

Pearson BTEC Level 4 Higher National Certificate in Computing (QN: 603/0472/8)
Pearson BTEC Level 5 Higher National Diploma in Computing (QN: 603/0471/6)

The qualifications will support learners to progress to employment or within employment in a wide range of job roles across the sector, specifically:

Qualification Name	Job Role(s)
Higher National Certificate in Computing	Systems Tester
	Computer Service and Repair Technician
	IT Security Technician
Higher National Diploma in Computing	Software Developer
	Network Engineer
	Systems Architect

For such roles, we believe that these qualifications provide an appropriate level of knowledge and skills, meeting the needs of the business and the individual, ensuring employees are appropriately skilled for the job and able to deliver to the standard that the sector expects.

These qualifications will also support the individual, should they chose to progress in to further training.

Yours sincerely

A handwritten signature in blue ink that reads "Kate Mooney". The signature is written in a cursive style with a large initial 'K' and a long, sweeping underline.
