Dear Sahithi

Re: Letter of Support Engineering Qualifications

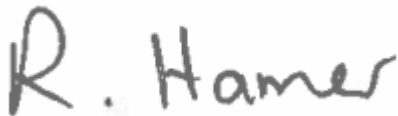

Thank you for your recent enquiry and information on approval of Pearson Engineering Higher Technical Qualifications by the Institute of Apprenticeships and Technical Education (IfATE).

At BAE Systems, we are only permitted to support those qualifications which are actively used by the business and to this end are pleased to support the following:

- HNC in Aeronautical Engineering (603/0485/6)
- HNC in Aeronautical Engineering for England (610/1249/X)
- HNC in Engineering (603/0450/9)
- HNC in Engineering for England (610/1224/5)

We trust this will be of help.

Yours sincerely

Richard Hamer
Education & Skills Director
