1. Scope of policy

- 1.1** This policy applies to the following regulated and self-regulated Pearson qualifications: Level 1/Level 2 GCSEs (9-1), Level 1/Level 2 International GCSEs (9-1), Level 3 Advanced Subsidiary GCEs, Level 3 Advanced GCEs, International Advanced Subsidiary and International Advanced Levels. The policy explains when assessment materials for timetabled examinations are made available to approved centres and members of the public. The assessment materials are available for the lifecycle of the specification.

2. Question papers, mark schemes and examiner reports

- 2.1** Past question papers, mark schemes and examiner reports are offered free of charge on our website, 'restricted access' to teachers at Edexcel exam centres for 12 months after an exams series and then 'open access' to all users thereafter. Teachers and exams officers at Pearson Edexcel centres require an Edexcel Online login to access assessment materials during the 12-month restricted access period. Access to Edexcel Online is managed by exams officers in each Pearson Edexcel centre. Question papers, mark schemes and examiner reports are released with restricted access, depending on the series as follows:

Assessment Material Type (for timetabled examinations)	January Series <i>The timescales referenced refer to restricted access only</i>	Summer Series <i>The timescales referenced refer to restricted access only</i>	Autumn Series <i>The timescales referenced refer to restricted access only</i>
Question Paper	2-4 weeks before results day.	7-8 weeks before results day.	2-4 weeks before results day.
Mark Scheme	2-4 weeks before results day.	4-5 weeks before results day.	2-4 weeks before results day.
Examiner reports	1 week after results day	1 week after results day	1 week after results day

- 2.2** Past question papers, mark schemes and examiner reports are normally kept under restricted access to teachers with Edexcel Online access for 12 months. This is to allow centres to use these materials as unfamiliar mock assessments or practice resources with their students. Under extenuating circumstances, Pearson may take the decision to keep

past assessment materials under restricted access for longer than 12 months if there is a legitimate business reason for doing so (for example, cancellation of an examination series).

- 2.3 Private candidates may request access to restricted access assessment materials after they have made an entry to facilitate preparation for exams.

3. Other assessment materials

- 3.1 Some of the qualifications covered by this policy include the publication of restricted access pre-release assessment materials, prior to an exam series to allow students to carry out research or investigations. Private candidates may request these using the process outlined in 2.3. Pre-release materials will be made 'open access' 12 months after the exam series.

4. Specifications

- 4.1 The current specifications for all regulated and self-regulated qualifications covered by this policy are available to download free of charge from our website. You can find these on the relevant qualification pages.

5. Access to scripts

- 5.1 Candidate consent is required before requesting copies of student scripts. Please read the JCQ Post Results Services Guide. Candidate consent can only be obtained after results have been published.
- 5.2 Centres can view and download scripts which have been **marked online** free of charge from our self-service portal. The scripts show the marks awarded but are largely unannotated by examiners. The portal can only be accessed by Edexcel Online users who have the 'Exam Viewer' profile ticked on Edexcel Online. Exams officers in centres can give teachers access to 'Exam Viewer'.
- 5.3 If scripts have been **marked 'traditionally'** (i.e. not online), teachers or exams officers will need to request them, free of charge, by the published deadline, using the Post Results section of Edexcel Online.

- 5.4 Exams officers may use the [annotations service](#) to gain access to any occasional notes made by examiners on scripts during marking. Any comments are to inform marking rather than to explain to teachers or students the application of the mark scheme.
- 5.5 Private candidates must contact the Edexcel centre where their entry was made to request access to their scripts or to make use of the annotations service.
- 5.6 Further information on how to access scripts can be found on our [webpage](#).
