

# Guide to using the **Mocks Service** to support teacher assessed grades

## Do

- Submit your student entries by 1 April 2021. Download our [Mocks Service Entry Guidance](#) PDF for support.
- Remember to advise students **not** to attempt questions where teaching and learning has not yet taken place.
- Return your paper scripts to Pearson by 21 May in order to receive your student results in time for teacher assessed grade deadline of 18 June. See how to return your completed papers in our [Guidance for paper-based Mocks Service](#) PDF.
- Remember to ensure you've got access to ResultsPlus. To access your results follow our [ResultsPlus for Mocks Service](#)

## Please don't

- Remove pages from the papers or change the front covers of the papers (we won't be able to scan them and this may impact how quickly we're able to get your results back).
