

# Pearson Edexcel International Advanced Level: University progression through our new academic results sending service

Our new academic results sending service opened in July 2018 for students holding conditional undergraduate offers at universities outside of the UK. Universities received a hard copy of student International Advanced Level (IAL) grades following official release in August 2018, enabling them to confirm admission more quickly compared to previous years. UK universities continue to receive IAL grades electronically via UCAS.

## Where did some\* of our IAL students apply to university in 2018?

We sent Candidate Statements of Provisional Results for IAL to the following global universities between 16th August and 28th September 2018.

\*This is not an exhaustive list of university destinations for IAL as is based only on requests received through our new academic results sending service.
